中考英语完形填空：借出的那支笔

完形填空原文

It was the first day of the final exam. I had prepared everything: my ID card, my eraser, and two extra pens. But when I opened my pencil case, I found that both pens were out of ink. I had forgotten to ***1*** them.

I felt my face turn pale. The exam would start in five minutes. I rushed to the nearest classroom to borrow a pen. Most students were already seated and busy with their own things. I asked a boy I didn't know. "Excuse me, do you have an ***2*** pen I could borrow?"

He looked at his pencil case. He had only one pen. But he handed it to me without hesitating. "Here. Use it. I have a pencil as a backup."

"Are you sure? What if you need it?"

"I'll be ***3***," he said. "Good luck."

I thanked him and ran back to my classroom. During the exam, I used his pen. It wrote smoothly. I tried my best to answer every question. When the exam ***4***, I looked for the boy to return the pen. But I couldn't find him. He must have left quickly. I didn't even know his name or which class he was in.

I asked around, but nobody seemed to know who he was. I kept the pen in my bag, hoping to ***5*** him someday. A week passed. Two weeks passed. I started to worry. What if I never found him? I had his pen, and he had lent it to a complete ***6***.

One afternoon, I was walking in the hallway when I saw him. He was talking to a teacher. I ran over. "Hey! I've been looking for you! Here's your pen. Thank you so much for lending it to me."

He looked surprised, then smiled. "You remembered. I thought you might have forgotten. It's just a pen."

"It's not just a pen," I said. "You helped me when I was in trouble. I'll never forget that."

We became friends after that. His name was Chen Hao. He said he had lent pens to many people during exams. "Some returned them, some didn't," he said. "But I ***7*** lend when someone needs help. A pen isn't worth much. Trust is."

His words stayed with me. Now I always carry an extra pen. When someone ***8*** one before an exam, I'm happy to help. I've also learned that small acts of kindness can ***9*** into

something bigger. That borrowed pen didn't just help me pass an exam. It led me to a new friend and taught me a valuable lesson about trust and ***10***.
