中考英语完形填空：运动会上的接力棒

完形填空原文

The school sports day is one of the most exciting events of the year. My favorite event is the relay race. Four runners in each team pass a baton from one to another. The baton is a small stick, but it means something big for our team. It carries our hope and ***1***.

Last year, I was the third runner. I stood in my lane and waited for my teammate. When I saw him running toward me, my heart ***2*** fast. I stretched out my hand to receive the baton. The handover must be smooth. If we drop it, we might lose the race. I caught it firmly and started to run as ***3*** as I could.

Running with the baton in my hand, I felt the weight of responsibility. My teammates had done their best. Now it was my ***4*** to run faster. I passed the baton to the last runner, who sprinted to the finish line. We didn't win first place, but we tried our best. The baton had connected all four of us. We learned that ***5*** matters more than winning.

This year, I will run again. I have been practicing the handover with my teammates. We need to ***6*** the right moment and the right speed. Sometimes we make mistakes, but we never give up. We help each other improve. The baton has taught us to work as a ***7***.

The relay race is different from other races. You cannot win alone. You need to trust your teammates and pass the baton well. The baton is a ***8*** of teamwork. When I hold it, I feel that I am part of something bigger than myself. I am running not just for me, but for my whole team.

I will never forget the feeling of passing the baton. It is a moment of connection and trust. The baton may be small, but it ***9*** a powerful message: we are together. I hope our team can run better this year and create new ***10*** together.
