中考英语完形填空：手工制作

完形填空原文

Last month, our art teacher asked us to make something by hand for a class project. I had no ***1*** what to create. My friend Lily suggested making a paper lantern. She said it was not too difficult and the result looked ***2***. I decided to give it a try.

We went to a craft store to buy colored paper, scissors, glue, and a small LED light. At first, I thought I could finish it quickly, but I was ***3***. Folding the paper in the right way took me a long time. I made several mistakes and had to start over. Lily was patient and showed me the correct ***4*** step by step. With her help, I slowly got better.

After two hours of work, my lantern was finally done. It was not perfect, but I felt very ***5*** when I looked at it. I had made something with my own hands! On the day we showed our projects, our teacher said my lantern was creative. She encouraged us to ***6*** making things by hand because it helps develop our imagination and keeps our hands busy in a good way.

From this experience, I learned that doing something ***7*** takes time and practice. I used to think handmade things were easy. Now I understand that every craft needs ***8*** and care. I have started to enjoy making small gifts for my family. Last week I made a simple card for my mother's birthday. She was so ***9*** that she put it on her desk. Making things by hand brings joy not only to the maker but also to those who ***10*** the gifts.
