06-30 第1篇

中考英语完形填空：博物馆参观

完形填空原文

Last Saturday, my class went on a trip to the city museum. It was my first time ***1*** a museum, and I was very excited. When we arrived, a friendly guide welcomed us and said she would show us around. The museum had many different halls. We started with the history hall, where we saw ancient tools and old coins. The guide told us interesting ***2*** about how people lived hundreds of years ago. I had never ***3*** that history could be so fascinating.

Then we walked to the science hall. There were many hands-on exhibits. We could touch some of them and try small experiments. I tried to make a simple circuit, and when the small bulb lit up, I felt like a real ***4***. My classmate Lucy and I worked together on a puzzle about the solar system. We learned that the Earth ***5*** around the Sun. It was much more fun than reading about it in our textbooks.

After a short break, we went to the art hall. The paintings were beautiful, but I did not understand all of them. Our teacher said that art does not always need to be understood. "Just ***6*** it and see what you feel," she said. So I stood in front of a colorful painting and tried to feel what the artist wanted to express. To my surprise, I found myself enjoying it.

Before we left, we bought some postcards in the gift shop as ***7***. On the bus back to school, we talked about what we had seen. Everyone agreed that the trip was wonderful. I hope we can visit more museums in the future. Museums are great ***8*** to learn new things and open our minds. I will always ***9*** this special day. It made me realize that learning can be fun when we go out and explore the world ***10*** ourselves.

选项
