参考范文

My Study Methods

I used to struggle with English. I could never remember new words, and reading comprehension was like a mountain I couldn't climb. I often felt frustrated and wanted to give up.

Then I decided to change my approach. First, I started making word cards. Every day, I wrote ten new words on small cards and reviewed them during breaks. This simple method helped me remember words much faster. Second, I began reading English stories before bed — short and fun ones at first, then gradually longer articles. Reading improved not only my vocabulary but also my understanding of English sentences. Third, after each lesson, I used mind maps to organize what I had learned. Seeing the connections between ideas helped me understand and remember better.

Thanks to these methods, my English has improved a lot. I went from failing exams to becoming one of the top students in my class. The key to learning is not how smart you are — it's finding the methods that work for you.

全文翻译

我的学习方法

我曾经在英语上很吃力。我总是记不住新单词，阅读理解就像一座我无法翻越的大山。我常常感到沮丧，想放弃。

后来我决定改变方法。首先，我开始制作单词卡片。每天我在小卡片上写十个新单词，利用课间复习。这个简单的方法帮我记单词快了很多。其次，我开始每天睡前读英语故事——先从短的、有趣的开始，然后逐渐读更长的文章。阅读不仅扩大了我的词汇量，也提高了我对英语句子的理解。第三，每节课后我用思维导图整理所学内容。看到知识点之间的联系帮助我更好地理解和记忆。

多亏了这些方法，我的英语进步了很多。我从考试不及格变成了班里的优等生之一。学习的关键不在于你有多聪明——而在于找到适合自己的方法。
