参考范文

How to Keep Healthy

As the saying goes, "Health is wealth." I couldn't agree more. Without good health, we can't enjoy life, study well, or pursue our dreams. So how can we keep healthy? Here are some tips that work for me.

First, eat a balanced diet. I try to eat more fruits, vegetables, and whole grains, and cut down on junk food and sugary drinks. Second, exercise regularly. I go jogging for thirty minutes every evening after finishing my homework — it not only keeps me fit but also helps me relax. Third, get enough sleep. I make sure to go to bed before ten o'clock on school nights, because a good night's sleep gives me energy for the whole next day. Last but not least, stay positive. When I feel stressed, I talk to my friends or listen to music to cheer myself up.

My advice to all my classmates is: take care of your body now, and it will take care of you in the future. A healthy body leads to a healthy mind — and a brighter tomorrow.

全文翻译

如何保持健康

俗话说："健康就是财富。"我非常赞同。没有健康的身体，我们无法享受生活、好好学习，也无法追求梦想。那么我们怎样才能保持健康呢？以下是一些对我有效的方法。

首先，均衡饮食。我尽量多吃水果、蔬菜和全谷物，少吃垃圾食品和含糖饮料。其次，规律运动。我每天晚上写完作业后会慢跑三十分钟——这不仅让我保持身材，还帮我放松。第三，保证充足的睡眠。上学的日子我确保在十点前睡觉，因为良好的睡眠能让我第二天精力充沛。最后但同样重要的是，保持积极心态。当我感到压力大时，我会和朋友聊天或者听音乐来让自己开心起来。

我给所有同学的建议是：现在好好照顾你的身体，将来它会回报你。健康的身体带来健康的心灵——和更美好的明天。
