参考范文

My Dream Job

Everyone has a dream, and mine is to become a doctor. This dream has lived in my heart ever since I was eight years old, and it grows stronger every year.

The reason I want to be a doctor comes from a personal experience. When I was eight, my grandmother suddenly fell seriously ill. She was rushed to the hospital, and for days, our whole family was worried sick. It was the doctors and nurses who worked day and night to bring her back to health. Seeing the relief on my parents' faces when Grandma finally smiled again, I told myself: one day, I want to be the person who brings hope to families like mine.

To make this dream come true, I study science and biology as hard as I can. I also read books about the human body and first aid in my spare time. I know the road ahead is long and challenging, but I believe that if I keep working hard, I will get there.

A dream without effort is just a wish. So I choose to plant the seeds of my dream today and water them with hard work every single day.

全文翻译

我的梦想职业

每个人都有梦想，我的梦想是成为一名医生。这个梦想从我八岁起就一直在我心中，而且每年都变得更加强烈。

我想当医生的原因来自一段亲身经历。我八岁的时候，奶奶突然生了重病。她被紧急送到医院，那几天全家人都急得不行。是医生和护士们日夜工作，才让她恢复了健康。看到奶奶终于再次微笑时，父母脸上释然的表情，我对自己说：有一天，我要成为那个给像我们一样的家庭带来希望的人。

为了实现这个梦想，我尽全力学好理科和生物。业余时间我也读关于人体和急救知识的书。我知道前方的路漫长而充满挑战，但我相信，只要不断努力，我一定能到达那里。

没有努力的梦想只是空想。所以我选择今天就播下梦想的种子，每天用努力去浇灌它。
