中考英语完形填空：三月学习总结班会

完形填空原文

Today is the last day of March. Our head teacher held a class meeting *1* review our progress this month.

She first showed us a chart *2* our average test scores. Most subjects had improved, *3* our English scores went up the most — by eight points.

Then she asked several students *4* share their study tips. Zhang Wei said he read English articles for fifteen minutes every morning. Liu Yan said she kept a vocabulary notebook and reviewed it *5* bed every night.

I shared my method *6*: I practiced listening by watching English cartoons. Some classmates were surprised *7* this could also be a way of learning.

The teacher also pointed *8* some problems. "Too many of you stay up late playing with your phones," she said seriously. "Sleep is as important *9* studying."

At the end, we each wrote down one goal for April on a sticky note and put it on the board. Mine was: "Finish homework *10* 9 p.m. every day."
