05-11 第1篇

阅读理解（应用文）

① **Welcome to the Green Earth Recycling Program!**

② Do you want to help save our planet? The Green Earth Recycling (回收利用) Program is starting in our neighborhood this month. Together, we can reduce waste, protect animals, and make our living environment cleaner.

③ **What can you recycle?** Please sort (分类) your waste into the following three colored bins:

- **Blue Bin (Paper & Cardboard):** Old newspapers, magazines, empty cereal boxes, and printing paper. *Note: Please do not put dirty pizza boxes here because the oil ruins the paper.*
- **Yellow Bin (Plastic & Metal):** Plastic water bottles, milk jugs, soda cans, and clean food tins. *Note: Wash the bottles and cans before throwing them in.*
- **Green Bin (Glass):** Glass bottles and jars of any color. *Note: Broken glass (碎玻璃) should be wrapped in paper and thrown in the normal rubbish bin, NOT the Green Bin, to keep our workers safe.*

④ **Pick-up Schedule (收运时间表):** Our trucks will collect the recycling bins every Wednesday morning. Please put your bins outside your house before 8:00 AM.

⑤ **Reward System (奖励制度):** To encourage everyone to join, we have a special reward system. Every time you recycle correctly, your house will earn 10 "Green Points".

- **100 Points:** You can exchange them for a set of reusable shopping bags.
- **300 Points:** You can get a free movie ticket.
- **500 Points:** We will plant a real tree in City Park with your family's name on it!

⑥ If you need new recycling bins or have any questions, please contact our office at 555-7788 or visit *www.greenearth-recycle.org*. Let's work together for a greener future!
