# 03-20 第一篇

**The Power of Small Habits**

When people want to change their lives, they usually think they need to make huge, dramatic changes. They might decide to completely stop eating sugar or run ten miles every day. [1] However, behavioral experts suggest that building tiny, simple habits is actually a much better way to achieve lasting success.

The main problem with big goals is that they require a lot of energy and willpower (意志力). [2] When you are tired after a long day at school, running ten miles suddenly seems impossible. You might quickly give up and feel terrible about yourself.

On the other hand, small habits are incredibly easy to do. A small habit might be reading just one page of a book or drinking one glass of water every morning. [3] Because they take less than two minutes to complete, you will almost never find an excuse to skip them.

Over time, these tiny actions begin to add up like magic. [4] Reading one page a day might not seem like much, but it means you will finish several whole books by the end of the year. This slow progress builds a strong foundation for future success.

[5] So, if you want to become a better student or a healthier person, stop trying to climb the whole mountain in a single day. Instead, focus on taking just one small step forward every morning.

## 选项

A. Before you know it, what used to be difficult becomes a natural part of your daily life. B. In short, tiny, continuous changes can produce absolutely amazing long-term results. C. Therefore, you must write down your biggest goals clearly on the wall. D. This is why people who set huge New Year's resolutions often fail by February. E. These actions are so incredibly small that they require almost zero willpower. F. It is true that massive, sudden action is the only proven way to become rich.

## 答案键（Answer Key）

[1] D (Wait, let's fix logic for 1. 1 was 'However...', sorry, paragraph 1 structure: "They might decide... [1] However...". Let's put a sentence between them. Wait, no. Let's look at the current sentence: "They might decide to completely stop eating sugar or run ten miles every day. [1] However, behavioral experts suggest that...")

*(调整选项使其更加契合段内细节)*

## 选项

A. Before you know it, what used to be difficult becomes something you cannot live without. B. In short, tiny, continuous changes can produce absolutely amazing long-term results. C. Therefore, you must write down your biggest goals clearly on the wall. D. This is exactly why people who set these wild goals often fail so quickly. E. These actions are so incredibly small that they require almost zero willpower. F. It is true that massive, sudden action is the only proven way to lose weight.

## 答案键（Answer Key）

[1] D [2] A (No, [2] says "The main problem... requires willpower. [2] When you are tired...")

*(重新理清楚每段逻辑，编写绝对完美的选项和干扰项)*

## 选项

A. These tiny, daily actions are so incredibly easy that they require almost zero motivation. B. In short, tiny, continuous improvements can produce absolutely amazing long-term results. C. It is true that massive, sudden action is the only proven way to quickly lose weight. D. This lack of energy commonly leads to disappointment and failure. E. They believe that massive, sudden action is the only way to transform themselves. F. This is exactly why people who set huge, impossible goals often quit so quickly.

## 答案键（Answer Key）

[1] E [2] F [3] A [4] D (Wait, 4 says "Over time... add up like magic. [4] Reading one page...")

*(再次梳理全文及选项)* 第1空：前面讲人们总想做巨大的改变。“They might decide to completely stop eating sugar or run ten miles every day. [1] However, behavioral experts suggest... building tiny, simple habits” 选项可以是对前面巨大的改变继续补充描述，或者是其引发的坏结果。 E. They believe that massive, sudden action is the only way to transform themselves. (他们相信巨大、突然的行动是改变自己的唯一方式)。如果放[1]，完美承接前文人们的错误想法，并引出后文“However...”的转折。

第2空：前面讲大目标的问题是需要大量的意志力和精力。[2] When you are tired after... running ten miles seems impossible... quickly give up. F. This is exactly why people who set huge, impossible goals often quit so quickly. (这正是为什么设定巨大、不可能目标的人常常很快放弃的原因)。如果放这里，起下作用很好。

第3空：前面讲小习惯难以置信的容易。举例：每天读一页书或喝一杯水。[3] Because they take less than two minutes to complete, you almost never find an excuse... A. These actions are so incredibly small that they require almost zero motivation. (这些行动如此不可思议的小，以至于几乎不需要任何动力)。放[3]，承接举例，下启原因。

第4空：前面讲随时间推移，这些微小行动像魔法般累加。[4] Reading one page a day might not seem like much, but it means you will finish several whole books... 选项可以是：C. A small daily effort can lead to an impressive achievement in the long run.

第5空：[5] So, if you want ... stop trying to climb the whole mountain in a single day. B. In short, tiny, continuous changes can produce absolutely amazing long-term results. (放第5空，作为结论段总结)。

**The Power of Small Habits**

When people want to change their lives, they usually think they need to make huge, dramatic changes. They might decide to completely stop eating sugar or run ten miles every day. [1] However, behavioral experts suggest that building tiny, simple habits is actually a much better way to achieve lasting success.

The main problem with big goals is that they require a lot of energy and willpower (意志力). [2] When you are tired after a long day at school, running ten miles suddenly seems impossible. You might quickly give up and feel terrible about yourself.

On the other hand, small habits are incredibly easy to start. A small habit might be reading just one page of a particular book or drinking one glass of water every morning. [3] Because they take less than two minutes to complete, you will almost never find an excuse to skip them.

Over time, these tiny actions begin to add up like magic. [4] Reading one page a day might not seem like much, but it means you will proudly finish several whole books by the end of the year. This slow progress builds a strong foundation for future success.

[5] So, if you want to become a better student or a healthier person, stop trying to climb the whole mountain in a single day. Instead, focus on taking just one small step forward every morning.

## 选项

A. These actions are so incredibly small that they require almost zero motivation. B. In short, tiny, continuous changes can produce absolutely amazing long-term results. C.

Therefore, writing down your biggest goals clearly on the wall guarantees your success. D. A daily effort can quietly lead to an impressive achievement in the long run. E. Both students and teachers strongly agree that reading is the best way to relax. F. This is exactly why people who set huge, impossible goals often quit so quickly.

## 答案键（Answer Key）

[1] F [2] F ? wait. Let me reorganize correctly!

*(再调整一版，确保极度严谨)*

# 03-20 第一篇

**The Power of Small Habits**

When people want to change their lives, they usually think they need to make huge, dramatic changes. They might decide to completely stop eating sugar or run ten miles every day. [1] However, behavioral experts suggest that building tiny, simple habits is actually a much better way to achieve lasting success.

The main problem with big goals is that they require a lot of energy and willpower (意志力). [2] When you are tired after a long day at school, running ten miles suddenly seems impossible. You might quickly give up and feel terrible about yourself.

On the other hand, small habits are incredibly easy to do. A small habit might be reading just one page of a book or drinking one glass of water every morning. [3] Because they take less than two minutes to complete, you will almost never find an excuse to skip them.

Over time, these tiny actions begin to add up like magic. [4] Reading one page a day might not seem like much, but it means you will proudly finish several whole books by the end of the year. This slow progress builds a strong foundation for future success.

[5] So, if you want to become a better student or a healthier person, stop trying to climb the whole mountain in a single day. Instead, focus on taking just one small step forward every morning.

## 选项

A. These daily actions are so small that they require almost zero motivation to start. B. In short, tiny, continuous changes can produce absolutely amazing long-term results. C. Therefore, writing down your biggest goals clearly on the wall guarantees your success. D. A small daily effort can quietly lead to an impressive achievement in the long run. E. They believe that completely transforming their entire lifestyle is the only way to

succeed. F. This explains why people who set huge, impossible goals often quit so quickly.

## 答案键（Answer Key）

[1] E [2] F [3] A [4] D [5] B

## 深度解析

- **[1] E**：
  - **线索**：代词指代与语义顺承。空前一句提到“人们通常认为他们需要做出巨大、戏剧性的改变。他们可能决定完全停止吃糖或每天跑十英里。”E选项“They believe that completely transforming their entire lifestyle is the only way to succeed”（他们相信彻底改变他们的整个生活方式是成功的唯一途径）中的“They”完美指代了前文的“people”。并且，“completely transforming（彻底改变）”是对前句“完全停止吃糖”的同义升华，它顺畅地引出了空后“However（然而），行为专家建议建立微小的习惯实际上是更好的方法”。
- **[2] F**：
  - **线索**：主旨陈述与因果解释。空前抛出了大目标的致命缺点——“它们需要大量的精力和意志力”。既然需要很大的精力和意志力，那后果是什么呢？F选项“This explains why people who set huge, impossible goals often quit so quickly”（这就解释了为什么设定巨大、不可能目标的人常常很快放弃）。空后的那一句“当你度过漫长疲惫的一天……你可能很快就会放弃”正是对F选项“often quit so quickly（很快放弃）”的完美动作复现与场景描绘。
- **[3] A**：
  - **线索**：同义解释与代词复现。空前列举了什么是微小的习惯——每天读一页书或清晨喝一杯水。A选项“These daily actions are so small that they require almost zero motivation to start”（这些日常行动如此之小，以至于它们几乎不需要任何动力来开始）。第一，“These daily actions”指代了读一页书等举动。第二，“almost zero motivation”呼应并反差对比了上一段的“require a lot of energy and willpower（需要大量精力意志力）”。这让空后一句“既然不到两分钟，所以你几乎找不到借口跳过它们”显得水到渠成。
- **[4] D**：
  - **线索**：语境照应与主旨提炼。空前提出了段落核心主旨：随着时间推移，微小行动像魔法般累加。D选项“A small daily effort can quietly lead to an impressive achievement in the long run”（长远来看，微小的日常努力可以悄无声息地带来令人印象深刻的成就）正是对这句“魔法般累加”的具象化论述。而紧接着的空后一句以“Reading one page a day... means you will proudly finish several whole

books（每天读一页……意味着你将读完好几整本书）”这一完美的现实例子直接证明了何为“令人印象深刻的成就”。

- [5] B：
  - **线索**：定调总结与全文升华。空[5]位于结论段段首。在对比了大目标的易折与小习惯的魔力后，全篇需要一个定论收束。B选项“In short, tiny, continuous changes can produce absolutely amazing long-term results”（简而言之，微小、持续的改变可以产生绝对惊人的长期结果）带有大一统的“In short（简而言之）”，精准完美地总结了全篇主旨。它顺势为后文最后一句建议铺出了阳光大道：“所以如果你想变好，别总想一天爬过整座山，每天迈出一小步吧”。
- **干扰项分析**：
  - **C. Therefore, writing down your biggest goals clearly on the wall guarantees your success.**：带有“Therefore（因此）”等总结性词汇和“goals（目标）”、“success（成功）”此类高频词。但其意思是“在墙上清楚写下巨大目标能保证你的成功”，这恰恰是第一段和第二段所极力抨击的“巨大、不可能的目标（big goals）常常让人很快放弃”这一观点的反面。这种似是而非却与作者核心意图完全对立的选项是极佳的逻辑陷阱。
