主题：爬山经历 (Mountain Climbing Experience)

一、题目

阅读下面短文，在空白处填入一个适当的单词，或填入括号中所给单词的正确形式。

Last weekend, my father and I climbed Mount Baiyun, one of the ***1*** (high) mountains near our city. We got up early and arrived at the foot of the mountain ***2*** seven o'clock in the morning.

The trail was steep and narrow. At first, I walked very fast and felt ***3*** (energy). But after climbing for about an hour, my legs became heavier and heavier. I wanted ***4*** (give) up and go back. My father noticed my tiredness and said, "Don't look at the top. Just focus ***5*** the next step." His words encouraged me ***6*** (great).

We rested under a big tree and drank some water. An old man ***7*** was climbing alone passed by us and said with a smile, "Young man, the view at the top is worth all the effort!" I felt ***8*** (shame) of myself for wanting to quit so easily.

After another hour of climbing, we ***9*** (final) reached the top. The view was breathtaking — I could see the entire city below, and the clouds were floating just above ***10*** (we) heads. At that moment, I understood that the best things in life often come after the hardest struggles.
