Every day, people produce a huge amount of waste. Much of it ends up in landfills, ***1*** it can take hundreds of years to break down. However, a large part of our daily waste is actually recyclable. If ***2*** (handle) properly, these materials can be turned into new products.

Paper is one of the ***3*** (easy) materials to recycle. Old newspapers, magazines and cardboard boxes can all be collected and ***4*** (send) to recycling factories. Plastic is another common recyclable material, ***7*** not all types of plastic can be recycled. Bottles and containers ***8*** (mark) with a recycling symbol are usually accepted. Glass and metal are also highly recyclable. In fact, aluminium cans can be recycled an ***9*** (limit) number of times without losing quality.

Our school has placed recycling bins in every classroom and corridor. Students ***10*** (encourage) to sort their waste into different categories: paper, plastic, glass and other rubbish. By developing this habit from a young age, we can all contribute to a cleaner planet.

二、答案与解析

1. **答案：where**
   - **考点**：定语从句关系副词。先行词 `landfills`（垃圾填埋场）为地点名词，从句中不缺主语或宾语，缺少地点状语，故用 **where**。
2. **答案：handled**
   - **考点**：非谓语动词（过去分词）。条件状语从句的省略形式，完整为 `If (they are) handled properly`，主语与主句一致时省略主语和 be 动词，保留过去分词 **handled**。
3. **答案：easiest**

- **考点**：形容词最高级。**one of the + 最高级 + 复数名词**（最……的之一），`easy` 的最高级为 **easiest**。

4. **答案：sent**
   - **考点**：动词语态。与前面的 `collected` 并列，均由 `can be` 支配，构成被动语态，`send` 的过去分词为 **sent**。
5. **答案：into**
   - **考点**：介词。**be made into...**（被制成……）表示将原材料加工为成品，故填 **into**。注意区分 be made of/from（由……制成）。
6. **答案：truly**
   - **考点**：词性转换（形容词 → 副词）。修饰形容词 `remarkable` 需用副词，**true** 的副词形式为 **truly**。
7. **答案：but**
   - **考点**：连词。前半句说"塑料是常见的可回收材料"，后半句说"不是所有类型的塑料都能回收"，两者为转折关系，故用 **but**。
8. **答案：marked**
   - **考点**：非谓语动词（过去分词）。`Bottles and containers` 与 `mark` 之间为被动关系（瓶子和容器"被标记"），用过去分词 **marked** 作后置定语。
9. **答案：unlimited**
   - **考点**：词性转换（加前缀）。根据语境"铝罐可以被无限次回收"，在 `limited` 前加否定前缀 `un-`，故填 **unlimited**。
10. **答案：are encouraged**
    - **考点**：动词时态与语态。主语 `Students` 与 `encourage` 之间为被动关系（学生"被鼓励"），描述现在的情况用一般现在时被动语态，故填 **are encouraged**。
