中考英语完形填空：第一次独自做饭

完形填空原文

Last Saturday, my parents had to work late. They left a note saying I could heat up soup, *1* I wanted to surprise them with a simple dinner.

I chose tomato and egg, a dish Mom often cooks *2* weekends. I washed the tomatoes, cracked the eggs, and turned on the stove. The oil in the pan soon became *3* enough, so I poured in the eggs.

The kitchen filled with a *4* smell, and for a moment I felt proud. Then I turned to chop tomatoes *5* the eggs turned brown too quickly. Smoke rose, and I hurried to turn down the heat.

When my parents walked in, the plate looked a little *6*, but the taste was not bad. Dad took a bite and said, "This is your first step *7* becoming independent."

Mom hugged me and reminded me *8* safety rules next time. That night, I wrote a short *9* in my diary about the small accident and the warm praise. Cooking alone was scary *10* exciting.
