参考范文

Should Students Wear School Uniforms?

Last Friday, our class had a heated debate about school uniforms. Opinions were divided.

Those in favor argued that uniforms create a sense of equality. When everyone wears the same clothes, no one feels embarrassed about not having the latest fashion. Uniforms also save us the trouble of deciding what to wear each morning — and that

means more sleep! Besides, wearing the same uniform gives us a sense of belonging to our school.

Those against had different concerns. They said most school uniforms look boring and don't fit well. "We're teenagers — we want to show who we are," one classmate complained. Some also pointed out that uniforms can be uncomfortable in summer, especially when the material is too thick.

As for me, I think uniforms are a good idea overall. They teach us that what's inside matters more than what's outside. But I also agree that schools should listen to students' opinions and improve the design. How about letting students vote on the color and style? That way, we can have both unity and a touch of personality.

全文翻译

中学生该不该穿校服?

上周五，我们班就校服展开了一场激烈的辩论。意见分歧很大。

支持方认为校服创造了平等感。当大家穿一样的衣服时，没有人会因为没有最新时尚而感到尴尬。校服还省去了每天早上选衣服的麻烦——那意味着可以多睡一会儿！此外，穿同样的校服让我们有学校的归属感。

反对方有不同的担忧。他们说大多数校服看起来很无聊，穿着也不合身。"我们是青少年——我们想展示自己是谁，"一个同学抱怨道。有人还指出校服在夏天很不舒服，特别是面料太厚的时候。

至于我， 我觉得校服总体上是个好主意。它教会我们内在比外在更重要。但我也认为学校应该听取学生的意见，改进设计。让学生投票选颜色和款式怎么样？这样我们就能同时拥有统一和一点点个性。

升格建议

- 开头可以用**调查数据**引入。比如 `I did a quick survey in our class: 18 students support uniforms, 12 are against, and 5 don't care. Clearly, this is a topic that sparks debate`。
- 正文可以加入**他国对比**。比如 `In Japan, students take pride in their school uniforms. In the US, many schools don't require them at all. Different countries, different answers — but the question is the same`。
- 结尾可以用**未来愿景**收束。比如 `Imagine a uniform that is comfortable to wear, cool to look at, and designed by students themselves. That's not a dream — it's a suggestion`。
