中考英语完形填空：第一次参加英语角活动

完形填空原文

Last Friday afternoon, I went to the English Corner in our school for the first time. I had always wanted to ***1*** it, but I was too shy to speak English in front of others.

When I arrived, there were already about twenty students standing in small ***2***. They were talking about their favorite movies. A senior student came to me and said, "Welcome! Don't be nervous. Just enjoy ***3*** English."

At first, I just listened. Some students spoke English very ***4***, and I admired them a lot. Then a girl asked me, "What's your favorite movie?" I thought for a moment and ***5***, "I like The Lion King." She smiled and asked me why. I told her it was because the story taught me to be ***6***.

After that, I felt more comfortable. I started to talk with other students about music and sports. I made some ***7*** during the activity. We exchanged phone numbers and planned to practice English together.

The English Corner lasted for about an hour. When it was over, I didn't want to ***8***. I realized that speaking English is not as scary as I had imagined. The most important thing is to open your ***9*** and try.

On my way home, I felt very happy. I decided to go to the English Corner every week. I believe that with more practice, my spoken English will get ***10***.
