11–19 第2篇

中考英语完形填空：学做姜饼人

完形填空原文

Last week, my aunt taught me how to make gingerbread men. She said it was a *1* tradition during Christmas in Western countries. I was curious and wanted to try it myself.

First, we mixed flour, butter, sugar, and some spices together. The dough had to be kneaded for at least ten minutes until it became *2*. My arms were tired, but my aunt said this step was very important. Then we wrapped the dough in plastic and put it in the fridge for half an hour.

After that, we rolled out the dough on a flat surface. I used a gingerbread man cookie cutter to *3* the shapes. I made six figures and placed them carefully on a baking tray. My aunt said we should leave some *4* between each cookie so they wouldn't stick together when they expanded in the oven.

We baked them for about twelve minutes. The kitchen smelled *5*. When the gingerbread men were ready, we took them out and let them cool down. Then came the fun part—decorating! I used icing and colored sugar to draw faces and buttons on *6*. I made one with a big smile and another with a funny hat.

I gave two gingerbread men to my little cousin. She was so *7* that she wanted to learn how to make them too. My aunt was happy to see us enjoying *8*. She said cooking together could bring families closer.

Making gingerbread men was not as *9* as I had thought. The key was to follow the steps carefully. I have written down the recipe and plan to make them again during the winter holiday. Maybe I can *10* them as gifts to my friends and teachers.
