完形填空原文

First, we needed two cardboard circles with a hole in the middle. We placed them together and started wrapping yarn around ***2***. The teacher said the more yarn we wrapped, the fuller the wool ball would be. I chose bright red and white yarn to make a candy cane style ball. Wrapping took a long time—I had to go round and round ***3*** the hole was completely filled.

When I thought it was thick enough, I cut the yarn and tied it. Then came the ***4*** part. I had to cut the yarn along the edge between the two cardboard circles. I had to be very careful, or the ball would fall apart. My hands were trembling a little, but I ***5*** slowly and steadily.

Finally, I tied a string through the middle to hold all the yarn together. I removed the cardboard and fluffed up the ball. It looked so soft and cute! I made three more—a blue one, a green one, and a yellow one. I hung them on my bedroom window. When the wind blows, they swing gently and look ***6***.

My grandma saw my wool balls and said they reminded her of her childhood. She said she used to make ***7*** things when she was young. I felt happy that my handiwork could bring back her sweet ***8***. Making these small ornaments taught me that simple crafts can bring joy to ourselves and others. I plan to make some for the coming New Year and hang them on our ***9*** tree. Maybe I can also teach my little sister how to make them. Sharing skills with family members can make our ***10*** warmer.
