中考英语完形填空：不完美的礼物

完形填空原文

Mother's Day was coming, and seven-year-old Lin wanted to give his mom something special. He only had ten yuan in his piggy bank, which was not enough to buy the ***1*** perfume his mom liked. So, he decided to make a gift himself.

Lin found a smooth, flat stone in the garden. He cleaned it carefully and bought some cheap paints with his ten yuan. He spent the whole Saturday afternoon ***2*** on the stone. He painted a picture of his mom and him holding hands under a big tree. Because his hands were small and unsteady, the lines were ***3***, and the colors mixed together in some places. He even misspelled the word "Mom" as "Mmo."

When he finished, Lin looked at the stone. It didn't look like the beautiful gifts in the store windows. He felt ***4*** and wanted to throw it away. "It's too ugly," he thought.

Just then, his mom walked into his room. Before he could ***5*** the stone, she saw it. "What's this?" she asked. Lin handed it to her slowly, his face turning red. "It's for Mother's Day, but it's not ***6***," he mumbled, looking down at his toes.

His mom held the stone in her hands and looked at it for a long time. Her eyes grew soft. "Not good enough?" she said, kneeling to look into his eyes. "Lin, this is the most ***7*** gift I've ever received."

"But the colors are messy, and I spelled the word ***8***," Lin pointed out.

His mom smiled and touched his cheek. "I don't care about the messy lines or the spelling. I see the ***9*** and love you put into this. A store-bought gift only costs money, but this stone holds a piece of your heart."

She placed the painted stone on the most noticeable shelf in the living room, right next to her expensive perfumes. Lin smiled ***10***. He learned that a gift doesn't need to be perfect to be beautiful; it just needs to be made with love.

2. **【答案】B 【考点】** 动名辨析（spend time doing sth.） **【解析】** 本句意为：他花了一整个星期六下午在石头上___。A 项意为"睡觉"；B 项意为"画画"；C 项意为"阅读"；D 项意为"散步"。前文说他买了颜料，后文解释他画了一幅画（He painted a picture），因此他整个下午都在石头上"画画"（painting）。故选 B。
