中考英语完形填空：乡村生活

完形填空原文

Last summer, I spent two weeks at my grandparents' house in the countryside. It was a completely different *1* from the busy city where I live. Instead of tall buildings and noisy traffic, I saw green fields, blue sky, and friendly faces everywhere.

Every morning, I woke up to the sound of birds singing. My grandfather took me to the farm to *2* him with the daily work. I learned to feed the chickens and water the vegetables. At first, I thought it would be boring, but I soon found that farm work could be quite *3*. I felt proud when I picked my first tomato from the garden.

In the afternoon, my grandmother taught me how to make bread. The smell of freshly baked bread *4* the whole house. We sat under a big tree and enjoyed our bread with homemade jam. My grandmother told me stories about her childhood. She said life was simpler in the past, but people were *5* and helped each other more.

One evening, we went to the village square where the neighbors had gathered. Someone played the guitar and others sang along. I had never experienced such a warm and *6* atmosphere before. The villagers did not need expensive things to be happy; they found joy in simple moments together.

When it was time to leave, I felt a little *7*. The countryside had taught me important lessons: to enjoy the simple things in life, to work with my hands, and to *8* the people around me. I hope I can *9* back soon and spend more time in that peaceful place. The memory of those two weeks will always *10* in my heart.
