中考英语完形填空：暑假第一天

完形填空原文

July 1st was the first day of my summer holiday. I woke up very early because I was too *1* to sleep. I had been waiting for this day for a long time. No more homework, no more exams — just weeks of freedom ahead.

After breakfast, my mum asked me about my *2* for the summer. I told her I wanted to learn to swim. She smiled and said she had already signed me up for swimming lessons at the community pool. I was so happy that I gave her a big *3*.

In the afternoon, my best friend Tom came over to my house. We sat in the garden and made a list of things we wanted to do during the holiday. We wanted to ride our bikes to the lake, visit the new science museum, and *4* a lemonade stand to earn some pocket money. The list grew longer and longer. "This is going to be the best summer *5*!" Tom said with a big smile.

Later that evening, my whole family had a barbecue in the backyard. My dad was in charge of the grill. He cooked sausages and corn. My little sister helped to *6* the table. We sat outside, eating and laughing under the stars. The night air was warm and I felt truly *7*.

Before going to bed, I wrote in my diary. I wanted to *8* every special moment of this summer. I knew that time would pass quickly, so I decided to make the most of each day. I did not want to *9* any chances to try new things and create happy memories.

As I turned off the light, I thought to myself, "What a great *10* to start the holiday!" I closed my eyes and fell asleep with a smile on my face.
