中考英语完形填空：家庭电影之夜

完形填空原文

Every Friday night, our family has a special tradition — we watch a movie together. We take turns choosing the film. Last week it was my *1*. I chose an animated film that Mum said was too childish, but Dad said we should watch whatever *2* me happy. So we did.

We make popcorn and bring out some snacks. Mum always prepares a big bowl of fruit. "We need to eat healthily even when we watch movies," she says. We sit on the sofa with the lights off. Dad dims the lamp and the room becomes cosy. The film begins.

During the movie, we laugh together at the funny parts. Sometimes my younger brother asks questions about what will happen next. "Shh, just *3*," I tell him. He always gets too *4* and wants to know the ending right away. "You will find out." Halfway through, Mum passes around the popcorn. We share everything. It feels warm to be together like this.

After the film, we always talk about it. Dad asks us what we liked most. My brother says he liked the *5* character who could fly. I say I liked the music. Mum says she liked the message — that family is important. We all have different opinions, and that is fine. Talking about the film together is sometimes more *6* than watching it.

I look forward to Friday nights. In our busy lives, we often do things alone — homework, mobile phones, each in our own room. But on movie night, we are together. No phones, no distractions. Just us and a good story. These moments have become my favourite *7* of the week. I hope we never stop this tradition. Family movie night reminds me that the best things in life are often the simplest — being with the people we *8*, sharing laughter and stories. That is worth more than any film. I have learned that *9* time with family is one of life's greatest *10*.
