中考英语完形填空：第一次坐飞机

完形填空原文

Last summer, my family went to Beijing by plane. It was my first time on an airplane. I had always wanted to fly, but when the day finally came, I felt a little *1*. My father held my hand and said, "Don't worry. Flying is very safe."

At the airport, we checked in our bags and went through security. The staff were kind and everything went smoothly. When we walked onto the plane, I was surprised by how *2* it was inside. There were rows of seats and a long aisle in the middle. We found our seats and put our bags in the overhead compartment.

Before take-off, a flight attendant showed us the safety instructions. She told us how to use the oxygen mask and where the *3* exits were. I listened carefully even though I hoped we would never need them. Then the plane started to move. It taxied slowly to the runway. My heart was beating fast.

When the plane began to *4*, I pressed my back against the seat. I could feel the engines getting louder. The ground moved away quickly and soon we were high above the clouds. Looking out of the window, I saw the city become smaller and smaller. Then we entered the clouds and everything turned white. It was *5*!

A few minutes later, we were above the clouds. The sky was bright blue and the sun was shining. The clouds below looked like a soft white blanket. I had never seen anything so beautiful. My nervousness *6* and I began to enjoy the flight.

The flight attendant brought us drinks and a small meal. I chose orange juice. It was a short flight — only about two hours. When the pilot said we would *7* soon, I looked out of the window again. I could see the mountains and buildings of Beijing. The plane landed smoothly. I was a little sad that the flight was over. I had enjoyed every *8*.

That trip made me love travelling. I hope to take more plane trips in the future. The world is so big and there is so much to see. My first flight was an *9* I will never forget. It taught me that trying new things can open up a whole new world. Next time I fly, I will not be *10* at all. I will just look forward to the adventure.
