中考英语完形填空：班级合唱排练

完形填空原文

Our class was going to take part in the school choir competition. We had only two weeks to prepare, so we needed to practice ***1***. Every afternoon after class, we would go to the music room and sing together.

Our music teacher, Miss Chen, chose a song ***2*** "We Are the World". It was a classic song about unity and hope. At first, some of us couldn't sing in tune. Miss Chen was very ***3*** and taught us note by note. She said that singing was not only about the voice but also about feeling the music with our ***4***.

We practiced the same song again and again. Sometimes I felt ***5***, but when I saw everyone working hard, I encouraged myself to keep going. One boy in our class had a beautiful voice. He often helped those who had ***6*** with high notes. We learned from each other and improved day by day.

Two days before the competition, we had a dress rehearsal. We stood in rows according to our ***7***. Miss Chen reminded us to smile and make eye contact with the audience. "Remember," she said, "you are not just singing for yourselves, but for everyone who ***8*** you."

On the competition day, we performed our best. When the results were announced, our class won second place! We hugged each other and some of us had ***9*** in our eyes. It was not just a competition — it was a journey of growth and friendship. I will never ***10*** those wonderful days we spent together.
