中考英语完形填空：第一次坐飞机去旅行

完形填空原文

During the winter holiday, my parents decided to take me to Sanya for a trip. We would go there by plane. I had never taken a flight before, so I was both excited and a little ***1***.

Two days before the trip, we started to pack our bags. Mom put in our clothes, and I helped by bringing my ***2*** and some books for the journey. Dad made sure we had our ID cards ready. "Don't ***3*** anything important," he said.

On the day of our flight, we arrived at the airport two hours early. There were so many people! We first went to get our boarding passes. Then we had to ***4*** our bags because they were too big to carry onto the plane. After that, we went through the security check. It was my first time, so I felt a bit ***5***, but the staff were friendly and everything went well.

When we boarded the plane, I chose a seat by the window. I wanted to see the view. The plane was full of passengers. Soon the flight attendants told us to ***6*** our seatbelts. The plane started to move slowly and then it flew into the sky. I looked out of the window — the houses and cars became smaller and smaller. It was so ***7***!

About two and a half hours later, we landed in Sanya. The weather there was warm and sunny, very ***8*** from our cold hometown. We spent five wonderful days swimming, visiting the beaches and eating local food. I had the best time of my life.

This trip gave me a lot of ***9***. I learned that travelling by plane is not as scary as I thought. I also learned that it's always good to try something new. I'm already looking ***10*** to our next flight adventure!
