After the games, we made paper masks. I chose to make a cat face. I drew two big eyes and cut them out *5*. When I put on my mask, everyone said it looked funny. We took many photos together.

Before we left, our teacher gave each of us some candy. She said it was a Halloween *6*. I felt happy not only because of the candy but also because I had learned something new about English culture. I found that learning English could be *7* when we connected it with real-life activities.
