中考英语完形填空：班级篮球友谊赛

完形填空原文

Last Thursday, our class had a basketball friendly match against Class Two. I was chosen as one of the ***1***, and I felt both proud and nervous.

Before the match, our PE teacher helped us warm up. He told us to work as a team and not to play ***2***. He said that passing the ball was just as important as shooting. We all nodded and promised to do our best.

The match began at 4:00 p.m. Class Two was very ***3***. Their tallest player kept scoring from close range. By half-time, we were behind by six points. Some of my teammates looked ***4***, but our captain said, "Don't give up! We still have the second half."

In the second half, we changed our ***5***. We started passing the ball more quickly and running into open spaces. I received a pass from my teammate and made a three-point shot. The crowd ***6*** loudly. That goal gave us a lot of confidence.

With two minutes left, the score was tied. I got the ball near the basket and tried to shoot, but a player from Class Two ***7*** me. The ball went to my teammate Wang Hao, who jumped up and scored the winning point! We all ***8*** with joy.

After the match, we shook hands with Class Two. They congratulated us, and we thanked them for a great game. Our teacher said he was ***9*** of our teamwork and spirit.

This match taught me that success comes from working together. Even when things seem ***10***, we should never stop trying.
