中考英语完形填空：学做水饺

完形填空原文

Last winter vacation, my grandma came to stay with us. She said she would teach me how to make dumplings. I was very *1* because I had never made them before.

First, Grandma showed me how to make the dough. She mixed flour and water, then *2* the dough for several minutes. "The dough needs to be soft but not too sticky," she said. I tried to do the same, but my dough was too wet at first. Grandma helped me add some *3* flour, and it became better.

Next came the filling. We used pork, cabbage and some seasonings. Grandma taught me to chop the vegetables *4* and mix everything well. "The filling should taste good," she smiled. I could not *5* to try it!

The most interesting part was wrapping the dumplings. I placed some filling in the middle of a wrapper, then folded and pinched the edges. But my first few dumplings looked *6*. Some were too fat, and some had holes. Grandma did not laugh at me. *7*, she showed me again and again until I could do it well.

When the dumplings were cooked, we sat down and ate together. They tasted *8*! I felt so proud of myself. Making dumplings is not easy, but it is a lot of *9*. I will make dumplings for my family again. I hope Grandma will be *10* with me next time.
