中考英语完形填空：第一次去滑冰场

完形填空原文

Last Sunday, my classmates and I went to the ice skating rink for the first time. I had always wanted to try ice skating because it looked so ***1*** in movies. When we arrived, we rented skates and put them on.

At first, I was afraid to ***2*** onto the ice. I held onto the railing and took small steps. My legs were shaking, and I ***3*** fell down several times. Each time I fell, my friends came to help me up. They were very ***4*** and never laughed at me.

After about half an hour, I began to feel more ***5***. I let go of the railing and tried to skate slowly. It was not easy, but I kept practicing. My friend Lucy, who had skated before, taught me how to ***6*** my balance. She said, "Bend your knees a little and relax."

By the end of the afternoon, I could skate a short distance without falling. I was so ***7*** of myself! The experience taught me that ***8*** is the key to learning something new. Nothing is too difficult if we never give up.

We had a wonderful time that day. I will ***9*** go back to the ice rink and practice more. Maybe one day I can skate as well as those ***10*** in the Olympics!
