参考范文

If I Were the Principal

If I were the principal of our school, I would make some changes to create a better learning environment. Here is what I would do.

First change: more time for sports and arts. Many students feel stressed by heavy homework and exams. I would add more PE and art classes. We need to strike a balance between study and relaxation. Sports and arts help us stay healthy and bring our creativity to life. A tired mind cannot learn well — a relaxed one can.

Second change: a reading garden. I would turn an empty corner of the campus into a "reading garden" — a quiet place with trees, benches and books. Students could read there, rest there, or just enjoy the peace. Schools should be more than just classrooms. A beautiful space can make us love learning more.

My ideal campus. In my ideal school, students would be happy and energetic. We would have good grades and also hobbies we love. Teachers and students would respect and support each other. The campus would be full of laughter, not only stress. That is the school I would build — a place where everyone can grow in body, mind and heart.

全文翻译

假如我是校长

假如我是我们学校的校长，我会做一些改变，创造一个更好的学习环境。以下是我的设想。

第一个改变：更多时间给体育和艺术。 很多学生因繁重的作业和考试而感到压力。我会增加更多的体育课和艺术课。我们需要在学习与放松之间取得平衡。体育和艺术帮助我们保持健康，让我们的创造力生动起来。疲惫的头脑学不好——放松的头脑才能学好。

第二个改变：读书花园。 我会把校园的一个空角落改造成"读书花园"——一个有树、长椅和书籍的安静之所。学生可以在那里读书、休息，或只是享受宁静。学校不应该只是教室。一个美丽的空间能让我们更热爱学习。

我理想的校园。 在我理想的学校里，学生会快乐而有活力。我们会有好成绩，也会有自己热爱的爱好。师生会相互尊重、相互支持。校园会充满笑声，而不只是压力。这就是我想建立的学校——一个每个人都能在身体、心智和心灵上全面成长的地方。

可继续补充

好词好句

表达	含义	可迁移场景
`strike a balance between`	平衡…与…	学习、生活
`bring ... to life`	让…生动起来	创造力、艺术
`a place where`	一个…的场所	理想、愿景
`more than just`	不仅仅是	定义、拓展

易错点提醒

1. **虚拟语气 If I were：**
   - ✅ If I were the principal, I would...
   - ❌ If I was the principal, I would...（虚拟语气中 be 用 were）
2. **`strike a balance` 搭配：**
   - ✅ strike a balance between A and B
   - ❌ strike a balance of A and B（用 between）
3. **`more than just` 后接名词：**
   - ✅ Schools should be more than just classrooms.
   - ❌ Schools should be more than just have classrooms.（just 后接名词）
4. **`would` 在虚拟语气中的一致性：**

- ✅ I would add... I would build... I would turn...
- ❌ I would add... I will build...（虚拟语气中保持 would）

5. **`a place where` 从句：**
    - ✅ a place where everyone can grow
    - ❌ a place that everyone can grow（缺少介词，应为 where ... can grow）

升格建议

- 开头可以更有画面感。比如 `Imagine walking into our school: instead of rushing to class with heavy bags, students stop by a garden to read. That is the first change I would make — because school should feel like a place we want to be, not just a place we have to be.`
- 正文可以加入对比。比如 `Right now, some of us spend eight hours on books and only twenty minutes on the playground. I would flip that — not to study less, but to study smarter. A rested body learns better.`
- 结尾可以升华。比如 `I may never become a principal, but the idea stays with me: education is not just about grades. It is about helping every student find their light. If I were the principal, that would be my mission.`
