A Misunderstanding Between Friends

Last month, something happened between my best friend Ming and me that almost ruined our friendship.

Before the final exam, I asked Ming to lend me his history notes. He shook his head and said, "Sorry, I don't have them with me." I was disappointed but said nothing. The next day, however, I saw him hand the same notebook to another classmate. I felt hurt and angry. "He lied to me!" I thought. I was so upset that I refused to talk to him for a whole week. He tried to explain several times, but I walked away every time.

Finally, he slipped a note into my desk. It read: "That classmate was in hospital and needed the notes for a make-up exam. I wasn't lying — I had already promised him. I'm sorry I didn't explain earlier." My face turned red. I had jumped to conclusions without giving him a chance to speak.

I found Ming after school and said sorry. He smiled and replied, "That's what friends are for — we forgive." We hugged, and everything was back to normal.

I learned that trust and communication are the keys to true friendship. Before getting angry, we should always listen first.

全文翻译

朋友之间的误会

上个月，我和好朋友小明之间发生了一件事，差点毁了我们的友谊。

期末考试前，我找小明借历史笔记。他摇了摇头说："对不起，我没带。"我很失望但没说什么。然而第二天，我看到他把同一本笔记本递给了另一个同学。我觉得又伤心又生气。"他骗了我！"我想。我难过得整整一周都不跟他说话。他好几次想解释，但我每次都走开了。

最后，他偷偷往我桌子里塞了一张纸条。上面写着："那个同学住院了，需要笔记准备补考。我没有骗你——我之前就答应他了。对不起，我没有早点解释。"我的脸红了。我在没给他机会解释的情况下就急着下了结论。

放学后我找到小明说了对不起。他笑着说："这就是朋友啊——互相原谅。"我们拥抱了一下，一切恢复了正常。

我明白了信任和沟通是真正友谊的关键。在生气之前，我们应该先学会倾听。

可继续补充

易错点提醒

1. **`lend` 和 `borrow` 的区别：**
   - ✅ I asked him to lend me his notes.（lend = 借出，主语是借出方）
   - ✅ I borrowed his notes from him.（borrow = 借入，主语是借入方）
   - ❌ I asked him to borrow me his notes.（不能用 borrow sb. sth.）
2. **`so...that...` 结果状语从句：**
   - ✅ I was so upset that I refused to talk to him.
   - ❌ I was so upset to I refused to talk to him.（that 不能换成 to）
3. **`jump to conclusions` 固定搭配：**
   - ✅ I had jumped to conclusions.

- ❌ I had jumped to a conclusion.（习惯用复数 conclusions）

4. **过去完成时表示"更早的过去"：**
   - ✅ I realized I had misunderstood him.（先误解，后意识到）
   - ❌ I realized I misunderstood him.（应该用 had 表先后关系）
5. **`apologize` 的拼写和搭配：**
   - ✅ I apologized to him. / I said sorry to him.
   - ❌ I apologized him.（apologize 是不及物动词，要加 to）

升格建议

- 开头可以用一个**设问句**。比如 `Have you ever lost a friend over something silly? I almost did`，引起读者共鸣。
- 正文可以加入更多**内心独白**。比如 `Every time I saw him in the hallway, I turned my head. But deep down, I missed our lunchtime talks`，让冷战期间的矛盾心理更真实。
- 结尾可以更有诗意。比如 `Friendship is like a mirror — once cracked, it can still reflect light. What matters is whether you choose to pick it up`，用比喻让感悟更深刻。
