参考范文

The Joy of Cooking

I never thought cooking could be fun — until I was forced to try it myself.

Last August, my parents both had to work overtime during the summer holiday. One afternoon, I was starving but there was nothing ready to eat. So I opened a recipe app

on my phone and decided to make tomato and egg stir-fry — the simplest dish I could find.

It didn't go smoothly. I cracked the first egg too hard and half of it ended up on the counter. The tomatoes were cut into pieces of all shapes and sizes. The oil splashed when I poured the eggs into the hot pan, and I jumped back in fright. But I didn't give up. I kept stirring, added salt and sugar, and five minutes later, a plate of golden-red stir-fry sat on the table. It wasn't pretty, but when I took the first bite — it was delicious. I couldn't stop smiling.

Now I cook once a week. Cooking has taught me patience, creativity, and independence. Most importantly, it has helped me realize how much love goes into every meal my parents make. The kitchen used to be just a room. Now it's my favorite place in the house.

全文翻译

做饭的乐趣

我从没想过做饭会有趣——直到我被迫自己试了一次。

去年八月，暑假期间爸妈都要加班。一天下午，我饿极了但没有现成的东西吃。于是我打开手机上的菜谱软件，决定做番茄炒蛋——我能找到的最简单的菜。

过程并不顺利。第一个蛋敲得太狠，一半流到了灶台上。番茄被切成了各种形状和大小。把蛋液倒进热油锅的时候油溅了出来，我吓得往后跳。但我没有放弃。我不停地翻炒，加了盐和糖，五分钟后，一盘金红色的炒菜出现在桌上。它不好看，但当我吃第一口的时候——好好吃。我忍不住笑了。

现在我每周做一次饭。做饭教会了我耐心、创造力和独立。最重要的是，它让我意识到爸妈每天做的每一顿饭里包含了多少爱。厨房曾经只是一个房间，现在它是家里我最喜欢的地方。

   - ❌ I had no choice but cooking for myself.（but to do，不是 but doing）
2. **`end up` + 介词/动名词：**
   - ✅ Half of it ended up on the counter.（end up + 介词短语）
   - ✅ I ended up cooking every day.（end up + –ing）
   - ❌ I ended up to cook.（不接 to do）
3. **`pour...into...`：**

4. **`used to` 表示"过去常常"：**

    - ✅ The kitchen used to be just a room.
    - ❌ The kitchen use to be just a room.（used to，不是 use to）

5. **食物类可数/不可数：**
    - ✅ a plate of stir-fry（一盘炒菜，stir-fry 可作不可数）
    - ✅ two tomatoes / three eggs（可数）
    - ❌ a plate of stir-fries（不说 stir-fries）

升格建议

- 开头可以用**气味描写**引入。比如 `The smell of garlic sizzling in oil, the sound of vegetables hitting the wok — the kitchen is a world of its own,` 从感官开篇。
- 正文可以加入**和妈妈的对比**。比如 `My mum can make this dish in three minutes with her eyes closed. It took me thirty minutes and a messy kitchen. That's when I understood — cooking is an art learned through years of love。`
- 结尾可以加一句**未来展望**。比如 `Someday, I want to cook a full dinner for my parents — to give back a little of the love they've served me every day。`
