参考范文

Protecting the Environment Starts with Me

Nowadays, environmental problems are becoming more and more serious. The air is polluted by factory smoke and car exhaust. Rivers and lakes are full of rubbish. Many trees are being cut down, which makes the land dry and bare. It's high time that we did something to protect our planet.

As a student, I try my best to be "green" in daily life. I ride my bike to school instead of taking a car. I always turn off the lights and the tap when I don't need them. Besides, I use my own chopsticks and water bottle to reduce waste.

Small actions can make a big difference. If everyone does a little, the world will become much more beautiful. Let's join hands and protect our home together!

全文翻译

保护环境从我做起

如今，环境问题变得越来越严重。空气被工厂烟雾和汽车尾气污染。河流和湖泊里满是垃圾。许多树木正在被砍伐，这使得土地干燥而荒芜。是时候我们该做些什么来保护我们的地球了。

作为一名学生，我在日常生活中尽量做到"绿色"。我骑自行车上学，而不是坐车。我总是在不需要的时候关灯和关水龙头。此外，我使用自己的筷子和水杯来减少浪费。

小小的行动能带来大大的改变。如果每个人都做一点点，世界将变得更加美好。让我们携手保护我们的家园吧！
