05-28 中考英语语法填空 练习一

主题：海绵城市 (Sponge City)

一、题目

阅读下面短文，在空白处填入一个适当的单词，或填入括号中所给单词的正确形式。

A sponge city is designed to absorb and clean rainwater instead of letting it flood streets. More Chinese cities are building green roofs, rain gardens, and porous roads 1. _____ handle heavy storms.

Last summer, I visited a new park 2. _____ used to be a parking lot. Grass and small ponds 3. _____ (replace) the concrete, and birds returned within months. A guide explained 4. _____ the soil stores water like a sponge and slowly releases it into rivers.

Some people worry about the cost, 5. _____ engineers say the long-term benefits include cooler neighborhoods and cleaner air. Students can help by reporting blocked drains and learning 6. _____ (save) water at home.

If rainwater 7. _____ (manage) wisely, cities become safer and greener. I wrote a short speech about the topic and shared it 8. _____ my class.

We may be young, 9. _____ we can still support sustainable plans with simple daily choices.

The idea is clear: work with nature, 10. _____ fight against it every time it rains.

二、答案与解析

1. **to**
   - **考点**：非谓语动词（不定式作目的状语，无提示词用 to）。建造绿地等设施的目的是应对暴雨，用 to handle 表目的。
2. **that / which**
   - **考点**：关系代词（无提示词填空）。定语从句修饰 park，从句缺主语，用 that 或 which。
3. **replaced**

- **考点**：动词时态（一般过去时，有提示词）。叙述去年夏天的变化，grass and ponds 作主语，与 replace 为主动关系（草地与水塘取代了混凝土），用 replaced。

4. **how / that**
   - **考点**：宾语从句连接词（无提示词填空）。explained 后接从句说明方式或事实，用 how（如何像海绵一样蓄水）或 that（陈述事实）均可，中考常考 how 表方式。
5. **but**
   - **考点**：连词（无提示词填空）。“有人担心成本”与“工程师谈长远益处”形成转折。
6. **to save**
   - **考点**：非谓语动词（有提示词）。learn to do sth. 学习做某事，用不定式 to save。
7. **is managed**
   - **考点**：动词时态与语态（一般现在时的被动语态，有提示词）。if 引导条件句，rainwater 与 manage 为被动关系，且陈述一般情况，用 is managed。
8. **with**
   - **考点**：介词（无提示词填空）。share sth. with sb. 与同学分享。
9. **but**
   - **考点**：连词（无提示词填空）。“年纪小”与“仍能以日常选择支持可持续规划”形成转折。
10. **not**
    - **考点**：否定副词（无提示词填空）。与前面 work with nature 对比，表示不要每逢下雨就与大自然对抗，not fight against... 与祈使/并列省略结构并列；或填 rather than 前若用逗号并列，此处填 not 与 work 构成省略并列（work with nature, not fight...）为常见中考排比结构。
