06–14 第1篇

阅读理解（应用文）

① **Tech Exhibition 2025 — Visitor Guide**

② Welcome to the City Science Museum's annual Tech Exhibition! This year we show the latest inventions in robotics (机器人), AI, and green energy. The exhibition opens from 9:00 am to 6:00 pm from June 10 to June 20. Tickets cost ¥30 for adults and ¥15 for students. Children under 1.2 meters can enter for free.

③ **Getting there:** The museum is at No. 88 Science Road. You can take Bus No. 15 or the Metro Line 3 and get off at Science Park Station. There is a parking lot for visitors who drive. It costs ¥10 per hour.

④ **What to see:** On the first floor, you will find robot shows every hour. On the second floor, there are AI games you can try. The third floor has a green energy display — you can learn how solar panels work. Remember to bring your student card if you are a student; you need it for the cheaper ticket.

⑤ **Visitor tips:** Please do not touch the exhibits (展品) unless there is a sign that says "Try it". Photography is allowed in most areas, but no flash. There is a café on the second floor. You can also bring your own water bottle — we have free water stations. Enjoy your visit!
