Coffee Culture: More Than Just a Drink

Coffee is one of the most popular drinks in the world. Millions of people start their day with a cup of coffee to feel more awake and focused. But coffee is more than a simple drink—it has become part of daily life, social gatherings, and even art. Coffee shops are places where people meet friends, work on laptops, or simply take a break. In many cultures, offering someone a cup of coffee is a sign of welcome and friendship. [1] Coffee has grown from a simple beverage into a cultural phenomenon that connects people, shapes daily routines, and creates spaces for work and social life around the world.

The history of coffee goes back hundreds of years. It is said to have first been used in Ethiopia, then spread through the Middle East, Europe, and eventually the rest of the world. Today, coffee is grown in tropical regions such as Brazil, Colombia, Vietnam, and parts of Africa. The way people drink coffee varies widely—espresso in Italy, filter coffee in the United States, tea-like coffee in Turkey, and sweet iced coffee in many Asian countries. [2] Coffee's journey from its origins to today shows how a single plant has traveled across continents and cultures, adapting to local tastes and traditions wherever it went.

Making good coffee involves both science and skill. The quality of the beans, the roasting process, the grind size, and the brewing method all affect the final taste. Baristas train for years to master techniques such as pulling the perfect espresso shot or creating latte art. At home, people use everything from simple drip machines to fancy pour-over setups. [3] Whether in a café or at home, making coffee well requires attention to detail and a willingness to learn, turning a daily habit into a craft that many people enjoy and take pride in.

The coffee industry also has a darker side. Many coffee farmers in developing countries work long hours for low pay. Climate change threatens coffee-growing regions with drought and disease. Some companies are working to promote fair trade—paying farmers a fair price—and sustainable farming. As consumers, we can choose brands that support these efforts. [4] Being aware of where our coffee comes from and how it is produced can help us make choices that support farmers and the environment, rather than only focusing on taste and convenience.

Coffee will likely remain a central part of global culture. New brewing methods, single-origin beans, and specialty shops continue to attract coffee lovers. At the same time, the conversation about fairness and sustainability in the coffee supply chain is growing. [5] As we enjoy our daily cup, we can appreciate both the rich tradition behind coffee and

the role we play in shaping its future—through the choices we make and the values we support.

答案键（Answer Key）

[1] A [2] B [3] C [4] D [5] E

深度解析

- **[1] A**：
  - **线索**：空前介绍咖啡——全球最流行饮品之一，数百万人以咖啡提神开启一天，但咖啡不止是饮料，已成为日常生活、社交甚至艺术的一部分，咖啡馆是相聚、办公、休息之所，在许多文化中请人喝咖啡是欢迎与友谊的表示，空后需概括咖啡从简单饮品演变为连接人、塑造日常、创造工作与社交空间的文化现象。A的"grown from a simple beverage into a cultural phenomenon"与前文"more than a simple drink"呼应，"connects people, shapes daily routines, and creates spaces"与前文各项社会功能对应。
- **[2] B**：
  - **线索**：空前说咖啡历史——可追溯数百年，相传起源于埃塞俄比亚，经中东、欧洲传遍世界，今在巴西、哥伦比亚、越南、非洲等地种植，饮用方式各异——意大利浓缩、美国过滤、土耳其茶式、亚洲甜冰咖等，空后需总结咖啡从起源至今跨越大陆与文化的传播与在地适应。B的"Coffee's journey from its origins to today"与前文"history"和"spread"呼应，"traveled across continents and cultures, adapting to local tastes"与各地饮法对应。

- [3] C：
  - **线索**：空前说制作好咖啡需科学与技艺——豆质、烘焙、研磨、冲煮方式均影响口感，咖啡师多年训练掌握萃取与拉花，家用设备从简单滴滤到精致手冲，空后需总结不论在咖啡馆或家中，做好咖啡需细节关注与学习意愿、将日常习惯变为技艺。C的"Whether in a café or at home"与前文"Baristas"和"At home"呼应，"attention to detail and a willingness to learn"与"science and skill"对应，"turning a daily habit into a craft"与"many people enjoy and take pride in"对应。
- [4] D：
  - **线索**：空前说咖啡产业阴暗面——发展中国家咖农长时间低薪、气候变化威胁产区、部分企业推行公平贸易与可持续种植、消费者可支持此类品牌，空后需总结了解咖啡来源与生产方式对支持农户与环保的意义。D的"Being aware of where our coffee comes from and how it is produced"与前文"coffee farmers"和"fair trade"呼应，"make choices that support farmers and the environment"与"choose brands that support these efforts"对应。
- [5] E：
  - **线索**：空前说咖啡可能继续成为全球文化核心——新冲煮方式、单一产地豆、精品店吸引爱好者，同时关于供应链公平与可持续的讨论增多，空后需总结在享用每日咖啡时，可同时珍视其丰富传统及我们通过选择与价值观塑造其未来的角色。E的"As we enjoy our daily cup"与前文"daily habit"呼应，"appreciate both the rich tradition and the role we play in shaping its future"与"conversation about fairness and sustainability"对应，是合理收尾。
- **干扰项分析**：
  - **F. For example, the flat white—a drink popular in Australia and New Zealand—combines espresso with steamed milk and a thin layer of foam.**：以For example开头，为澳新流行饮品 flat white 的具体案例。各空均为概括或过渡句；[2]易被误选因涉及各地咖啡饮法，但该空需概括咖啡传播与在地适应的整体过程，而非某一具体饮品举例。
