阅读理解（应用文） Guide for First-Time Users — Green City Public Bikes

GREEN CITY PUBLIC BIKE SYSTEM *Short rides. Clean streets. Healthy city.*

A simple guide for middle school students Public bikes can be found all over our city. This short guide tells you how to use them safely and cheaply. Please read it once before your first ride.

Where to find the bikes

- **Blue stations** near metro exits, school gates, bus stops, and most small parks.
- Each station has 10 — 20 bikes locked in a line. The bike with a **green** seat sticker is ready to use. A **yellow** seat sticker means the bike needs repair; please do not use it.

Who can use them

- Anyone **12 years old or above** with a valid ID.
- Students under 16 must use the "**student version**" in the app, which has lower speed (max. 20 km/h) and a one-hour time limit.
- No two people on one bike. This is a strict rule from the traffic police.

How to rent a bike

1. Open the "**Green City Bike**" app (also inside the Alipay and WeChat mini-programs).
2. Scan the **QR code** on the handlebar.
3. Wait for the "dongle" sound and try the front brake once before you start.
4. Check the tyres and lights. If anything looks unsafe, click "**report**" in the app and use another bike.

Fees

Time	Fee
First 20 minutes	1.5 yuan
Each extra 10 minutes	0.5 yuan
Maximum per day	10 yuan

- Students with the student version pay **half** of the above fees.

- The system gives **one free 15-minute ride** per week to users who ride at least 3 days in a month (good for the environment, good for your wallet).

Parking

- Park **only** at a blue station. Parking on the pavement, in a park lawn or at a metro gate is fined 5 yuan each time.
- Before you leave, push the back lock until you hear the same "dongle" sound. The app will show "ride ended".
- If the nearest station is full, walk the bike to the next station, no more than 400 m away.

Safety rules

1. Always wear a helmet. It is the law in our city for cyclists under 18.
2. Stay in the right bike lane. Do not ride on the sidewalk.
3. Use lights after 19:00; a small light is already on every Green City bike.
4. Do not use your phone while riding. If you must take a call, stop safely at a corner.

Help and problems

- 24-hour hotline: 010-xxxx-0088.
- If you fall or the bike is broken, report the location first and wait at a safe place.
- The app also has a "**SOS**" button; it directly calls the hotline.
