08-22 第1篇

阅读理解（应用文） Lihua Middle School — Science Fair 2027

Ask, Build, Wonder — Join the Fair!

Dear Grade 7–9 students,

Our school's **12th Science Fair** will take place on **Friday, November 26, 2027** in the Sports Hall. This year the theme is **"Small Hands, Big Questions"**, and for the first time, student teams from three **partner schools** will join us. It is a great chance to show your own science project, meet new friends and perhaps win a spot in the City Youth Science Contest next March.

Key Dates

Stage	Date	Notes
Team sign-up opens	Sep 5, Mon	Online form at `science.lihua-ms.cn`
Sign-up closes	Sep 30, Tue	No late teams
Project proposal due	Oct 17, Fri	One-page English summary
School pre-check	Nov 6, Thu, 15:00	Room 401, Science Building
Main Fair Day	**Nov 26, Fri, 9:00–17:00**	Sports Hall
Results announced	Nov 28, Sun	School website & class groups

Who Can Join

- **Team size:** 2 to 4 students.
- **Grade mix:** Grade 7, 8 and 9 students may join the same team.
- **Teacher guide:** Each team must have **one teacher guide** (PE and music teachers may also sign up).
- Students who joined last year's fair **may** join again, but not with the same project.

Project Groups

Choose **one** group only:

Group	Example Projects	Time Needed
A. Daily Life Science	A better school-bag shape; a low-cost water filter	6—8 weeks
B. Environment & City	Noise under a bridge; city bird count; food waste study	8—10 weeks
C. Build & Code	Small robot for rubbish sorting; weather box with sensors	10—12 weeks
D. Mini-Experiment	Plants in different light colours; salt and water test	4—6 weeks

---

Project Requirements

1. **Real question:** Every project must begin with **one clear "why" question** that can be tested. "How fast does ice melt" is OK; "what is the best thing in the world" is not.
2. **Simple materials:** No chemicals from outside the school lab. No animal experiments that could harm any living thing.
3. **Safety first:** Scissors, small batteries, and low-heat tools are fine under teacher guidance. Fire, sharp blades and strong magnets must stay in the lab.
4. **Display board:** One poster board, **60 cm × 80 cm**, showing question, method, result and drawing.
5. **Short talk:** On Main Fair Day, each team gives a **3-minute English talk** to the judges.

Prizes and Chances

- **Top 10 Teams:** Each member gets a science water bottle and a certificate; the team enters the **City Youth Science Contest** next March.
- **Most Creative Project:** One team wins a 500-yuan bookshop voucher.
- **Best "Small Hands" Award** (for Grade 7 teams only): a small robotics kit for the classroom.
- **Friendship Award:** For the school that shows the most help to other teams on the day.

  All teams that pass the school pre-check get **10 service-learning hours** on their record.

Fair Day Rules

- Please wear your **school uniform** and bring your **student ID**.

- Each team has **one table** in the Sports Hall; tables will be numbered at the door.
- Judges will visit between **10:00 and 15:00**; please keep at least **one member** at the table at all times during this window.
- **No food or drink** on the display tables; there is a tea station near the east door.
- Photos are welcome, but please **do not touch** other teams' displays unless invited.

Contact

- **Organiser:** Science Department, Lihua Middle School
- **Office:** Room 401, Science Building
- **Phone:** 8822-5599 (Mr. Huang, Mon—Fri, 10:00—16:30)
- **Email:** `fair@lihua-ms.cn`

  "Every new idea begins with somebody asking a small, honest 'Why?'."

根据材料内容，选择最佳答案。

1. When will the Main Fair Day be held in 2027?

A. September 30.
B. October 17.
C. November 26.
D. November 28.

2. Which of the following is NOT allowed for a team?

A. Three Grade 7 and one Grade 9 student on the same team.
B. A team with only one student working alone.
C. Having a PE teacher as the team's guide teacher.
D. A student taking part again this year with a different project.

3. A Grade 8 group wants to study noise levels under a city bridge. Which group should they sign up for?

A. Group A: Daily Life Science.
B. Group B: Environment & City.
C. Group C: Build & Code.
D. Group D: Mini-Experiment.

4. Which of the following is against the project requirements?

A. Using school-lab chemicals under a teacher's guidance.
B. Bringing in strong magnets and sharp blades for the display table.
C. Making a 60 × 80 cm poster showing question, method, and result.
D. Writing a real "why" question that can be tested.

5. A team passes the school pre-check but does not reach the Top 10. What do its members still get?

A. Nothing at all.
B. A 500-yuan bookshop voucher.
C. 10 service-learning hours on their school record.
D. A free trip to another country.

答案与解析

1.
【答案】C
【题型】细节理解题
【定位】Key Dates 表格 "Main Fair Day — Nov 26, Fri, 9:00–17:00"
【解析】A 是报名截止，B 是方案截止，D 是公布结果日。故选 C。

2.
【答案】B
【题型】细节理解题
【定位】Who Can Join "Team size: 2 to 4 students"
【解析】团队人数需 2–4 人，不能独自组队。A、C、D 均符合规定。故选 B。

3.
【答案】B
【题型】细节理解题
【定位】Project Groups 表 "B. Environment & City — Noise under a bridge"
【解析】研究桥下噪音属于 B 组的示例。A、C、D 与主题不对应。故选 B。

4.
【答案】B
【题型】细节理解题
【定位】Project Requirements 第 3 条 "Fire, sharp blades and strong magnets must stay in the lab"
【解析】强磁铁、利刃不可带上展示台。A、C、D 均合规。故选 B。

5.
【答案】C
【题型】推理判断题
【定位】Prizes and Chances 末注 "All teams that pass the school pre-check get 10 service-learning hours"
【解析】只要过预审，不必进入前 10，即可获得 10 小时学时。A、B、D 均与规则不符。故选 C。
