阅读理解（应用文） Lihua Middle School — "Safe Campus" Emergency Drill Week 2027

Lihua Middle School · Student Safety Office "Safe Campus" Emergency Drill Week — 2027 An Important Notice to All Students and Staff

---

1. Why This Week?

Every term, the Safety Office runs one full **drill week** to make sure that every student of Lihua Middle School knows **what to do in the first minute** of a fire, an earthquake or a medical emergency. This term, we also add a new item: **"Safe Internet Behaviour"**, because accidents today can begin on a screen, not only on a staircase.

2. When & Where

- **Dates**: Monday **22 September** — Friday **26 September 2027**
- **Main drill area**: Teaching Block A, Teaching Block B, Central Lawn
- **Indoor theory room**: School Hall B, 3F, Rooms 303 — 305
- **Time**: during normal school hours; one drill or short lesson per day.

3. Five Daily Themes

Day	Date	Theme	Main Activity
Mon	22 Sep	**Fire Evacuation**	Whole-school fire drill, 10:15; exit by the nearest stairway
Tue	23 Sep	**Earthquake Response**	"Drop, cover, hold on" practice, 10:15; 60-second hide-under-desk test
Wed	24 Sep	**First Aid Basics**	Small-group training: how to stop bleeding, how to help someone who faints
Thu	25 Sep	**Road & Cycling Safety**	A 40-minute talk + cycling safety check at the south gate
Fri	26 Sep	**Safe Internet Behaviour**	A new theme: online scams, cyber-bullying, password care

4. The "Three Bells" Rule

Every drill is announced by one of three bell sounds:

- **Long single bell (one long "beep")** → Fire drill. Leave the classroom; do NOT go back for school bags.
- **Short double bell (two quick "beeps")** → Earthquake drill. Stay inside; drop under the desk, cover the head, hold on.
- **Short triple bell (three quick "beeps")** → Gathering signal at the end of a drill. Walk in two lines to the Central Lawn.

Please do NOT use these bell patterns for jokes among classmates. Anyone caught imitating drill bells will help clean safety equipment for one week.

5. What to Wear

- Students **must wear** full school uniform and flat shoes during the drill week.
- **No high heels, no slippers, no loose scarves, no long decorative strings** — they are dangerous on stairs.
- Bring a **small cotton mask** in your pocket (the school will also hand out masks on Monday for the fire drill).

6. First Aid Training (Wednesday)

- Each class will be split into **four small groups**, each led by a nurse or PE teacher.
- Training includes: **bleeding control with a clean bandage**; **how to call 120**; **recovery position** for a fainting classmate.
- Please tell your teacher in advance if you have any medical conditions (asthma, food allergy, heart problem) so that the drill fits you safely.

7. Safe Internet Class (Friday)

- A 40-minute class for every grade, plus a free one-hour Q&A after school from 16:15 to 17:15 in Hall B.
- Topics: how to recognize online scam messages; what "cyber-bullying" looks like; why **never** to send your ID photo over chat; how to set a strong password.
- Parents are warmly invited to join the Q&A session.

8. Rules & Safety Reminders

- During any drill, **do not run, do not push, do not speak loudly**.
- If you drop a pen, a book or even your glasses, **leave them**. Pick them up only after reaching the lawn.
- Students with **injured legs, asthma or other medical needs** should tell their head teacher **by Friday 19 September**. A separate quiet drill route will be arranged.
- **No one may film classmates** during medical role-plays. Respect each other's privacy.

9. Contact

- **Ms Zhao Hongmei**, Safety Office, Ground Floor, Teaching Block A, Room 108.
- Emergency: dial **9** on any school phone; outside campus, dial **119 (fire)**, **120 (medical)**, **110 (police)**.
- Email: `safety2027@lihuaschool.cn`

> **"A drill is a quiet rehearsal for a loud day. We practise now so that no one has to think twice later."** — Lihua Middle School Safety Office
