阅读理解（应用文） "Sounds of November": Autumn Soundscape Collection 2027

> **Lihua Middle School · Music Department + Literature Club**
> **Autumn Soundscape Project 2027 — "Sounds of November"**
> **Not every beautiful thing in school is something you can see.**

A school is full of **sounds** that we never stop to notice: the slow click of a broken radiator; the paper cups stacked at the north canteen door; the exact second when the chalk hits the blackboard in Mr. Han's Chinese class. In November, before the coldest wind flattens everything into one quiet grey, we would like to **record** these small sounds — and build our first-ever **Autumn Soundscape Album**.

🎧 What Is a "Soundscape"?

A soundscape is a **short audio recording**, usually no longer than **30 seconds**, of the sounds of a single place at a single moment — no voice-over, no added music, no stitching together. Just one small, honest sound-picture.

For example:

- 30 seconds of **leaves** being stepped on by early-morning students on the south path.
- 30 seconds of the **school radio's opening music** from inside the third-floor corridor.
- 30 seconds of the **water boiler** filling the teachers' thermos flasks.
- 30 seconds of **rain** on the art-classroom skylight.

📝 When and Where

Date	What Happens
Mon 8 — Sun 21 Nov 2027	Students record and upload sounds freely.
Mon 22 Nov	Music Department closes the upload link at 12:00.
Mon 22 — Wed 24 Nov	Teachers and two senior members of the Literature Club choose 45 entries.

Fri 26 Nov, 16:00 — 17:30	Album-Listening Afternoon in the small auditorium.
Sat 27 Nov	Album released on the school website (names on, if you agree).

🎙️ How to Record

- **Phone is fine.** No special microphone is needed. But please use the full, un-shortened audio app (not a chat app that shortens sound).
- Keep the microphone about **20 — 30 cm** from the source.
- **Turn off ringtones and notification sounds** on your phone first.
- Please record in one go; no cut-and-paste.
- File name: `YOURCLASS_YOURNICKNAME_PLACE.m4a`, for example: `8-2_AN_STAIR_WEST.m4a`.

📝 Please Attach a Short Note

With each upload, add a small form:

1. **Place** (where the sound was made).
2. **Time** (date + hour + minute).
3. **One sentence**, in Chinese or English, about what this sound means to you.
4. **Your name** (or a nickname — anonymous is OK).

Short note example:

> *Place: West staircase, second floor. Time: 7:22 a.m., 13 Nov 2027. About this sound: the first class monitor of the day turning on the long lamp; a tiny click that says "school begins now".*

🚫 Sounds We Cannot Use

- Any voice-only recording longer than 5 seconds of a classmate or teacher's clear words (privacy).
- Sounds that could hurt an animal or a person.
- Copyrighted music or film dialogue (we want **real** school sounds).
- Very loud, harsh sounds that may damage listeners' ears.

🏆 Small Awards (Chosen by Listening, Not by Vote)

Award	What it means
Most Lihua	Most recognisable sound from our school.

Most Quiet	A sound that many students pass every day but never notice.
Most Seasonal	A sound that truly feels like "late autumn, early winter".
Most Kind	A sound that makes the listener feel softer towards someone.

Each award goes to **one** entry; winners will receive a handwritten thank-you from Mr. Han and a **copy of the final album on a mini memory card**.

🤝 Join the Listening Team

If you would rather **listen** than record, come to Room 402 on **Tue 23 Nov, 16:00 — 17:30**. We need 6 students to help teachers sort and label the sounds, and 2 students to prepare the short printed programme for Friday's Listening Afternoon.

💬 One Small Thought to End With

> "A photograph catches the colours of our school. A sound recording catches its **breathing**. When you sit alone in a busy corridor this November, close your eyes for five seconds. You will hear a hundred years of Lihua quietly passing through you. We hope this album will, in thirty years, still be played on cold afternoons — and remind a classmate of ours, long grown up, what her fourteenth autumn really sounded like."
> — *Music Department, 5 November 2027*

根据通知内容，选择最佳答案。

1. What is a "soundscape" in this project?

A. A painting of autumn.
B. A short audio recording, usually no longer than 30 seconds, of the sounds of a single place at a single moment — no voice-over, no added music, no stitching.
C. A 20-minute song.
D. A photograph of a quiet corner.

2. When does the upload link close?

A. Sun 21 Nov at 22:00.
B. Mon 22 Nov at 12:00.

C. Fri 26 Nov at 17:30.
D. Sat 27 Nov at 09:00.

3. Which of the following recording rules is TRUE?

A. Students must use a professional microphone; phones are not allowed.
B. The recording may be cut and pasted together from several short clips.
C. Phones are fine; the microphone should be 20—30 cm from the source, and ringtones and notifications must be turned off.
D. The file name must contain the student's home address.

4. Which sound is NOT accepted by the project?

A. Leaves being stepped on by early-morning students.
B. The school radio's opening music from a corridor.
C. A 15-second recording of a classmate clearly speaking to a teacher about her family, uploaded without her permission.
D. Rain on the art-classroom skylight.

5. What is the main idea of the closing quote in the notice?

A. Our school is too noisy in autumn.
B. Photos are more important than sounds.
C. A soundscape catches the "breathing" of a school and may, many years later, remind a grown-up classmate of what her fourteenth autumn really sounded like.
D. Students should not record anything.

答案与解析

1.
【答案】B
【题型】细节理解题
【定位】What Is a "Soundscape"? 段
【解析】定义直引。A、C、D 均错。故选 B。

2.
【答案】B
【题型】细节理解题
【定位】When and Where 表 "Mon 22 Nov ... closes the upload link at 12:00"
【解析】截止时间直引。A、C、D 均错。故选 B。

3.
【答案】C
【题型】细节理解题

【定位】How to Record 段三条建议
【解析】手机可用 + 距离 + 静音。A、B、D 均错。故选 C。

4.
【答案】C
【题型】细节理解题（否定）
【定位】Sounds We Cannot Use "Any voice-only recording longer than 5 seconds of a classmate or teacher's clear words (privacy)"
【解析】隐私禁止。A、B、D 均合规。故选 C。

5.
【答案】C
【题型】推理判断题
【定位】结尾引言
【解析】记录学校"呼吸"、跨越时光。A、B、D 均偏离。故选 C。
