阅读理解（应用文） The Lost-and-Found Wall — New Rules and Helpers Wanted

Lihua Middle School · Student Union + General Affairs Office
Re-opening of the Lost-and-Found Wall (outside Room 112)
"A bag, a book, a warm glove, a tiny friend — let them go home."

Last term our Lost-and-Found Wall quietly filled up with **114 unclaimed items** by June — from pencil cases and keys to a single lonely running shoe. Many items were eventually thrown away because no one knew they were there. From **Monday 17 November 2027**, the Wall will re-open in a **new and warmer form**, outside Room 112. Here is everything you need to know about it.

📌 The Wall in Three Lines

1. **Picture wall** — every found item gets a numbered photo card, so you can check the wall without touching the items.
2. **Small shelves** — items sit safely in labelled boxes behind the Picture wall; only the helpers can open them.
3. **Thank-you pocket** — when you take back your item, please drop a handwritten card into the pocket. We read them aloud at the end of each term.

🧭 What Goes on the Wall, What Does Not

✅ We keep on the wall:

- **Daily school things**: pencil cases, water bottles, umbrellas, gloves, scarves, key rings, house keys, hair bands, glasses, glasses cases.
- **Books and notebooks** clearly belonging to a student.
- **Small decorations** (bookmarks, small badges, handmade cards).
- **Sports gear** (ropes, wrist bands, small balls).
- **Low-value electronics** (USB sticks, basic earphones) — **mobile phones and cash** are sent directly to the office, not displayed.

🚫 We do NOT keep on the wall:

- **Food, drinks, medicine**.

- **Live animals / insects** of any kind.
- **Mobile phones, cash, bank cards, ID cards** (see § About Phones & Cash below).
- **Sharp or dangerous objects** — sent straight to the lab safety room.

🔎 How to Look For Your Item

1. Walk to the Picture wall and read the numbered photo cards. Items are grouped by **colour first**, then by **type**.
2. If you see a match, fill in the simple sign-out slip: **item number, your name, class, and one small detail about the item** (e.g. "the inside has my English name written in pencil").
3. Give the slip to a helper at the little desk next to the wall.
4. The helper opens the correct shelf, checks your detail, and returns the item — usually in under two minutes.

No detail = no return. This protects each student's property from mistaken claims.

📱 About Phones, Cash, ID Cards

Because these are valuable and private, we handle them differently:

- They are **never** put on the Picture wall.
- They are sent the same hour to the **General Affairs Office** (Room 110).
- To reclaim, please bring a short note signed by your **form teacher**, which confirms the item is likely yours.
- Unclaimed phones will be kept for **30 days**; then the phone will be **cleared of personal data** and given to the school's digital reuse project.

📅 Wall Calendar

Period	What Happens
Mon to Fri, 07:40 — 08:00	Morning open hours.
Mon to Fri, 12:30 — 13:00	Lunchtime open hours.
Mon to Fri, 17:00 — 17:30	After-school open hours.
Last Friday of each month, 16:00	**Big Sweep Day** — items on the wall for more than 30 days without a claim are photographed once more and given to the school donation drive.

Items you really want back: **please check the wall in the same week you lose them.** Most lost items walk into the wall within 24 hours.

🙋‍♀️ Helpers Wanted (24 students)

We need a team of **24 student helpers** for this term — 8 from each grade. Every helper takes **one 20-minute slot** per week. Tasks include:

- Taking a clear photo of each new item, writing a short description card.
- Running the little desk at the Picture wall during open hours.
- Carrying unclaimed items between the shelves and the Big-Sweep box.
- Reading thank-you cards aloud at the end-of-term assembly.

What you learn: clear writing, polite speaking, basic photo editing, and a quiet sense of service.

Sign-up form: outside Room 112, or on the school mini-app → Services → Wall.
Deadline: Friday 14 November, 17:30.

💛 Two Gentle Reminders

- **A kind finder is half a home.** If you pick up something that is not yours, bring it to the wall the same day; even a single glove can make a cold morning different for someone.
- **A kind owner is the other half.** When you take your item back, a small "thank you" card is a kindness to the whole team — and to the classmate who found it for you.

  "A wall is not a list of lost things. A wall is a list of **small, lucky reunions** — one every few minutes, all week long, for a whole school year."

根据通知内容，选择最佳答案。

1. Which of the following items will be put on the Picture wall?

A. A handful of cash dropped on the playground.
B. A small bag of cookies forgotten in the corridor.
C. A pencil case, a scarf, a pair of glasses, or a bookmark.
D. A live hamster.

2. Why is "No detail = no return" an important rule at the little desk?

A. Because only teachers are allowed to claim items.
B. Because knowing a small detail about the item (e.g. an English name inside) protects each student's property from mistaken claims.
C. Because the details are used to charge a fee.
D. Because the wall is too crowded.

3. How are mobile phones handled differently from other items?

A. They are placed in the largest box on the Picture wall.
B. They are never put on the Picture wall; they are sent the same hour to the General Affairs Office; to reclaim, you bring a note signed by your form teacher; unclaimed phones are kept for 30 days, then cleared of personal data and given to the school's digital reuse project.
C. They are thrown away after one hour.
D. They are announced over the school speakers.

4. What happens on the "Big Sweep Day" at the end of each month?

A. Students clean the whole school.
B. All wall items are thrown away.
C. Items that have been on the wall for more than 30 days without a claim are photographed once more and then given to the school donation drive.
D. The wall is painted a new colour.

5. What is the main message of the Student Union's closing sentence?

A. The wall is only a list of losses.
B. The Lost-and-Found Wall is a list of small, lucky reunions — one every few minutes, all week long, for a whole school year — so students should value it, check it often, and help run it.
C. Students should never lose anything.
D. The wall is a punishment list.
