## 参考范文

Dear David,

I'm happy to tell you about my school life in China. I think you'll find it quite interesting!

I arrive at school at 7:30 every morning. We have eight classes a day — four in the morning and four in the afternoon. School ends at 5 p.m. After that, I walk home with my friends.

Between classes, we have a ten-minute break. I usually chat with classmates or play table tennis. At noon, we have lunch in the school canteen and then take a short nap. My favourite time is the afternoon PE class, when we run on the track and play basketball.

My school life is busy but fulfilling. I have made many good friends and learned a lot here. I enjoy every moment of it!

What about your school life? I'd love to hear about it.

Yours,
Li Hua
