参考范文

Dear classmates,

Today I'd like to share my thoughts on how we should face exams.

Exams play an important role in our study. They help us check what we have learned and find out our weak points. In this way, we know where to improve.

However, some students have the wrong attitude towards exams. A few feel so anxious that they cannot sleep the night before a test. Even worse, some try to cheat, which is both dishonest and harmful. These behaviours not only fail to help but also make things worse.

I believe the right way is to prepare carefully and keep a calm mind. Review your notes step by step, get enough sleep, and do your best during the exam. If you don't get the score you want, don't give up — learn from your mistakes and try harder next time.

Remember: exams are not monsters. With the right attitude, they can become our best teachers.

Thank you!

全文翻译

亲爱的同学们，

今天我想分享一下我对如何面对考试的看法。

考试在我们的学习中起着重要作用。它们帮助我们检测所学内容，发现薄弱环节。这样我们就知道在哪里需要提高。

然而，有些同学对考试持有错误的态度。一些同学考前焦虑得睡不着觉。更糟的是，还有人试图作弊，这既不诚实又有害。这些行为不但无助于提高，反而让事情变得更糟。

我认为正确的方式是认真准备并保持平静的心态。一步步复习笔记，保证充足的睡眠，考试时全力以赴。如果没有取得理想的成绩，不要放弃——从错误中学习，下次更加努力。

记住：考试不是怪兽。用正确的态度面对，它们可以成为我们最好的老师。

谢谢！
