中考英语完形填空：暑假夏令营

完形填空原文

This summer I joined a seven-day camp in the mountains. It was my first time away from home for so long. I felt both excited and a little ***1*** when my parents drove me to the camp gate on the first day.

There were about fifty students from different schools. We were divided into small groups. I was in Group Five with seven other students. Our group leader was a university student named Zhang Lei. He was kind and always made us ***2***. On the first evening, we sat around a campfire and introduced ourselves. I made three new friends that night.

Every day we had different activities. We went hiking, learned to put up tents, and cooked meals together. The most ***3*** part was the night hike. We walked through the forest with torches. It was dark and a bit scary, but we held hands and encouraged each other. When we reached the top of the hill and saw the stars, we all ***4***. It was the most beautiful sight I had ever seen.

I also learned to work as a team. In one activity, we had to cross a small river by stepping on stones. We had to ***5*** each other and move slowly. Our group was the first to finish. We felt so proud! The camp taught me that we are stronger when we work together.

On the last day, we had a closing ceremony. Each group performed a short show. Our group sang a song we had practised. I will never forget the ***6*** on everyone's faces when we finished. We hugged and promised to keep in touch.

I did not want to leave. The camp had become my second ***7***. I had learned new skills, made new friends, and discovered that I could do things I never thought I could. The experience made me more ***8*** and independent.

When I got home, I immediately wrote letters to my new friends. We still chat online now. I hope we can all go back to the camp next year. That week in the mountains was the best ***9*** of my summer. It changed me in ways I never expected.

I am already looking forward to next summer. Maybe I can become a group leader like Zhang Lei one day and help other kids have the same wonderful ***10***.
