09-05 第2篇

中考英语完形填空：秋天的校园

完形填空原文

Autumn is my favourite season, and our school looks especially beautiful during this time. The trees along the path turn from green to gold and red, creating a ***1*** picture. Every morning when I walk through the school gate, I feel as if I am entering a painting.

The air in autumn is fresh and cool. It is neither too hot nor too cold — just ***2*** for outdoor activities. Our PE teacher takes advantage of this weather and often holds classes on the playground instead of in the gym. We run, play football and do stretching exercises under the clear blue sky. Everyone ***3*** these classes because we can breathe fresh air while exercising.

One of the most beautiful spots on campus is the small garden behind the library. In autumn, the chrysanthemums bloom in various colours — yellow, white, purple and pink. The garden also has a few maple trees whose leaves turn bright ***4***. Many students like to sit there during breaks, reading or simply enjoying the scenery. It is a peaceful place that helps us ***5*** from the stress of studying.

Our school also organises an autumn harvest festival every October. Each class grows vegetables in a small plot of land behind the canteen. By autumn, the vegetables are ready to be ***6***. Last year, our class grew tomatoes and peppers. We were so proud when we cooked a big pot of tomato soup using our own tomatoes. The soup tasted extra ***7*** because we had grown the ingredients ourselves.

Autumn also brings some challenges. The weather can change quickly, and students sometimes catch ***8*** if they do not dress warmly enough. Our teacher always reminds us to bring a jacket and to drink plenty of water. She says staying healthy is just as important as studying hard.

As the days get shorter, the sunsets become more dramatic. Sometimes after school, I sit on a bench and watch the sky change from orange to purple. These quiet moments make me feel ***9*** and thankful. I think autumn teaches us an important lesson: change can be beautiful. The leaves fall, but they will grow back in spring. Nothing is ***10*** — there is always a new beginning.

选项

1. A. dark　　B. colourful　　C. pale　　D. plain
2. A. dangerous　　B. difficult　　C. perfect　　D. strange

3. A. cancels B. avoids C. enjoys D. misses
4. A. green B. blue C. black D. red
