中考英语完形填空：帮爷爷收庄稼

完形填空原文

During the National Day holiday, my family drove to the countryside to visit my grandparents. Grandpa told us that it was harvest season and he needed some ***1*** in the field.

The next morning, I woke up very early. The air in the countryside was fresh and cool. After a simple breakfast, Grandpa took me to the corn field. I had never seen so many tall corn plants before. They stood in neat ***2*** like soldiers.

Grandpa showed me how to pick the corn. "Hold the ear of corn firmly, twist it, and pull it down," he said. It looked ***3***, but when I tried, it was harder than I thought. My hands were not strong enough, and the first ear took me a long time. Grandpa laughed and said, "You'll get ***4*** at it with practice."

After about an hour, my arms were sore and my back hurt. I wanted to ***5***, but I looked at Grandpa — he was still working steadily without any complaint. He was already seventy years old. I felt ashamed and decided to keep going.

By noon, we had filled several large bags with corn. Grandpa looked at the bags and smiled with ***6***. "This has been a good year," he said. We carried the bags back home together. Grandma had already prepared a big lunch for us.

During lunch, Grandpa told me about how ***7*** farming used to be. "When I was young, we did everything by hand. There were no machines," he said. "Now things are much easier, but farmers still work very hard." His words made me realize how much effort goes into the food on our ***8***.

That afternoon, I helped Grandma dry some corn in the yard. The golden corn shining under the sun was a beautiful ***9***. I took some photos and sent them to my classmates. They were all jealous and said they wanted to come next time.

This trip taught me to ***10*** the hard work of farmers. Every grain of rice and every piece of food comes from their sweat. I will never waste food again.
