中考英语完形填空：参加社区跑步比赛

完形填空原文

Last Sunday, our community held a running competition. I had been practicing for two weeks, and I was ***1*** to take part in it.

The race started at eight in the morning. About fifty runners gathered at the starting line. When the whistle blew, everyone ***2*** forward. I ran as fast as I could, but many people passed me. I began to feel tired after the first kilometer.

"My legs hurt. Should I ***3***?" I thought. Then I remembered my father's words: "Never give up. Finish what you start." I took a deep breath and kept running.

Along the way, some volunteers handed out bottles of water. I drank a little and ***4*** running. The sun was getting hotter, and sweat ran down my face. But I could see the finish line in the distance.

When I finally crossed the finish line, I was out of breath. I didn't win a prize — the ***5*** three runners got medals. But I didn't care. I had completed the 3-kilometer race, and that made me feel ***6***.

My mother was waiting at the finish line with a bottle of water and a towel. She said, "I'm ***7*** of you! You didn't stop even when it was hard." Her words made me smile.

The community organized this event to encourage people to ***8*** and stay healthy. Many families joined in — fathers, mothers, and even grandparents. It was a wonderful ***9*** to spend a Sunday morning.

I have decided to run every weekend from now on. Maybe next year I can run ***10*** and win a medal!
