参考范文

Good habits may seem small, but they can shape our whole life.

There are many good habits worth developing, such as reading every day, exercising regularly and planning ahead. Among them, the one I am most proud of is the habit of getting up early.

It was not easy at first. I used to stay up late and struggle to get out of bed in the morning. Then one day I set my alarm for 6:00 a.m. and forced myself to stick with it for 21 days. The first week was painful, but gradually my body got used to it.

Now, early mornings are my favourite part of the day. I use the quiet time to read, review notes or simply enjoy a peaceful breakfast. I feel more energetic, more organised and more in control of my day.

A good habit is like a seed — plant it today, water it with persistence, and one day it will grow into a tree that shelters your whole life.

全文翻译

好习惯看似微小，却能塑造我们的一生。

有很多好习惯值得培养，比如每天阅读、定期锻炼和提前计划。其中，我最自豪的是养成了早起的习惯。

一开始并不容易。我以前经常熬夜，早上挣扎着起不来。后来有一天，我把闹钟定在早上6点，强迫自己坚持了21天。第一周很痛苦，但渐渐地身体适应了。

现在，清晨是我一天中最喜欢的时光。我利用安静的时间阅读、复习笔记或者简单地享受一顿安静的早餐。我感到更有活力、更有条理、更能掌控自己的一天。

好习惯就像一颗种子——今天种下它，用坚持浇灌，有一天它会长成一棵庇护你一生的大树。

升格建议（3条）

建议	普通表达	升格表达
引入	Good habits are important.	We are what we repeatedly do — so the smallest habit is actually the biggest architect of our future.
过程	It was hard at first.	The alarm at 6 a.m. felt like an enemy at first, but twenty-one mornings later it became my most loyal friend.
影响	I feel better now.	Early mornings handed me back the hours I used to lose, and those extra hours quietly rebuilt my whole life.
