参考范文

What makes a good student? Many people think it's all about getting high marks, but I disagree.

In my opinion, a good student should have three qualities: curiosity, kindness and perseverance. Curiosity drives us to learn; kindness helps us build good relationships; and perseverance keeps us going when things get tough.

My classmate Xiao Hong is a perfect example. Her grades are not always the highest, but she never stops asking questions in class. She always shares her notes with anyone who needs them. When she failed her physics test last term, she didn't give up — she studied harder and improved by twenty points the next time.

I believe being a good student is not about being perfect on paper. It is about having the right attitude towards learning and life. A student who keeps trying, stays kind and never loses curiosity is, in my eyes, the best student of all.

全文翻译

什么样的学生才是好学生？很多人认为全在于考高分，但我不同意。

在我看来，好学生应该具备三个品质：好奇心、善良和毅力。好奇心驱动我们学习；善良帮助我们建立良好的关系；毅力让我们在困难时继续前行。

我的同学小红就是一个完美的例子。她的成绩不总是最高的，但她从不停止在课上提问。她总是和需要的人分享笔记。上学期物理考试不及格时，她没有放弃——更加努力，下次提高了二十分。

我认为做一个好学生不在于纸面上完美。而在于对学习和生活有正确的态度。一个不断尝试、保持善良、永不失去好奇心的学生，在我眼中就是最好的学生。

建议	普通表达	升格表达
品质	A good student is hard-working.	A good student is not a machine that produces perfect scores — it is a mind that never stops asking "why".
例子	She studies hard after failing.	She treated failure not as a wall but as a door — and she knocked until it opened.
定义	Good students are not just about grades.	If we measure a student only by their marks, we miss the kindness in their hearts and the fire in their curiosity.
