中考英语完形填空：学做手工相框

完形填空原文

I wanted to give my best friend a special gift *1* her birthday. After thinking for a while, I decided to make a photo frame *2* hand.

I bought some colored cardboard, stickers, and ribbons from the stationery shop. My older sister *3* me cut the cardboard into the right shape. It was not as *4* as I thought because the edges had to be perfectly straight.

Next, I decorated the frame *5* small flowers and stars. I also wrote "Best Friends Forever" *6* the top. The most difficult part was *7* the photo in place without damaging it.

When my friend opened the gift, her eyes became *8* with tears of joy. "This is the *9* gift I have ever received!" she said. I was so touched that I almost cried *10*. A handmade gift truly carries more love than anything bought from a store.
