中考英语完形填空：学做酸梅汤

完形填空原文

The summer heat was still strong in late August. My grandmother taught me *1* traditional sour plum soup to cool down. She said this recipe *2* passed down in our family for over fifty years.

We needed dried plums, hawthorn, rock sugar, and a little licorice. Grandmother asked me *3* all the ingredients in water for thirty minutes first. "This step is *4* important because it helps bring out the flavor," she explained.

After soaking, we boiled everything in a big pot. The kitchen was soon filled *5* a sweet and sour smell. I kept *6* the pot because I didn't want the soup to boil over. Grandmother told me to turn the heat *7* and let it simmer slowly.

An hour later, the soup was ready. I poured it into a glass bottle and put it in the fridge. When my family drank the *8* soup that evening, everyone said it tasted *9* than the ones sold in shops. I felt *10* proud of myself for learning this old family recipe.
